Uncle Sam Says

If it's money worries that make you act peculiar, like on the day before pay day when your pockets are empty, here's YOUR OPPORTUNITY to get on the sunny side of life. Save the simple, trouble-free way—with U. S. Savings Bonds. Automatic savings through the Payroll Savings Plan where you work, or, if self-employed, the Bond-a-Month Plan where you bank, is a sure cure for the between pay day "heckle-jeebles." And—your money GROWS—\$4 for every \$2 you invest, in ten short years.
