Dr. Pate Opens Office In Wallace

Dr. William A. Pate, Chiropractor, opened an office in Wallace on Tuesday, November 21. It is located on highway 117 across from Blanchard-Farriers Warehouse.

Dr. Pate attended Atlantic Christian College in Wilson and is a graduate of Logan College of Chiropractic in St. Louis, Mo. He has been engaged in practice in Beulaville for the past four years.

As many Wallace residents are his patients and have been of great encouragement, Dr. Pate is opening this office for their convenience and other residents of this area.

Dr. Pate is the son of Mrs. D. W. Pate and the late Mr. Pate of Goldsboro. His wife is the former Miss Bonny O'Leary of St. Louis, Mo.

HERE'S WHERE YOU GET THE GOOD WORD ABOUT THE '62 JET-SMOOTH CHEVROLET

Jet-smooth ride 542 front fender underskirts

Jet-smooth ride, n. 1. The cloud-9 feeling of comfort that people in Chevrolets enjoy wherever they go. 2. A supple Full Coil spring flexing at each wheel of a Chevrolet to absorb road shock. These are teamed with over 700 noise and vibration filters throughout the automobile to help eliminate the noise and vibration ordinarily transmitted by metal-to-metal contact. The total effect is a ride of supreme quiet and smoothness. 3. The reason why so many Chevrolet-owning families leave home ever so happily. 4. A habit-forming pleasure for which no cure is known, wanted or sought.

new V8-skedaddle, n. 1. The result of touching an accelerator that's linked to one of Chevrolet's new V8 engines (also known as "six-skedaddle" when engine is Chevrolet's trusty 135-hp. Six). 2. The moving power of Chevrolet's 1962 V8 engines. There are five of them, ranging from a standard 170-hp. version up to an optional-at-extra-cost 409-hp. powerhouse.

rich new interiors 543

Body by Fisher craftsmanship, n. 1. The closest that a body manufacturer has come to the care and skill of the jewelry maker. 2. The art and science of forming metal into the strong, solid body structure of the 1962 Chevrolet. 3. Something you won't find in any other car in Chevrolet's field.

deep-well trunk, n. 1. The giant warehouse built into the rear of a 1962 Chevrolet. 2. A trunk that loads at the bumper level and has a capacity of 29.7 cubic feet. It is built with an extra-deep recession in its floor so that it can easily accept odd-shaped outside objects.

comfort-high seats, n. Thought by many to be the most comfortable things to happen to the bottom side of the human lap since dad's overstuffed armchair.

front fender underskirts, n. 1. Sturdy steel linings that are under the front fenders of 1962 Chevrolets to add extra protection against flying stones, mud, slush, road salt and that old bugaboo, corrosion. 2. One of many ways the Chevrolet is built to stay beautiful.

rich new interiors, n. One of the principal reasons why people step into the 1962 Chevrolets and promptly feel luxurious all over.

One-Stop Shopping Center, n. 1. Where people go to get the most car for their money and get exactly the kind of car they want. 2. A concentration point for the 33 cars Chevrolet offers for 1962. These come in three lines: The elegant new Jet-smooth Chevrolet, the new-size Chevy II, the sporty new Corvair, and the new Corvette, with new refinements, new V8 power. 3. Where '62 values are way up but prices are the same—or less—on comparably equipped models. 4. The place where you

enter a new world of worth in automobiles. 5. Where most Americans go for a pleasant, instant cure the moment the new-car bug bites them.
