## TIGER TALES

### TIGERS SUCCESSFUL IN FIRST TWO ENCOUNTERS

James Kean's basketball Tigers have been successful in winning their first two games of the season, 48-40 from F. Grady, and 42-40 from Richlands. Neal Mitchell has led the scoring in both contests, hitting 26 against Grady and 16 in the Richlands game. Play has been sort of ragged in these first two games, as can well be expected.

The girls haven't been quite as successful as the boys, however; they did eke out a 26-25 win against Richlands last Tuesday night. The Tigeresses dropped a 48-19 decision to a powerful Grady team in the season's opener. Sandy Chestnut, junior forward, has been the team's leading scorer, collecting 8 against Grady, and 11 in the non-conference bout with Richlands.

widow of Charles W. Hester, died at her home Saturday. Surviving are five daughters, Mrs. Charles M. Booth of Oxford, Mrs. Ralph F. Willis and Mrs. Thomas C. Humphreys, both of Clarksville, Va., Mrs. R. Herbert Best and Mrs. E. Walker Stevens, both of Warsaw; and two grandsons. Funeral services were conducted from the home at 11 a.m. Monday with interment in Woodlawn cemetery in Chase City.

### MONOGRAM CLUB ELECTS OFFICERS

The James Kenan Monogram Club met Tuesday, December, and elected its president and vice-president for the present school year. Neal Mitchell was elected to the presidency, and Bobby Phillips was chosen vice-president.

Neal is a three-sport athlete, having previously earned letters in all three sports at J.K. High. He held down a forward position and was a leading scorer for the Tiger basketball team last year. Neal also has been varsity catcher for Coach Bill Helton's baseball squad for the past three campaigns. The versatile young athlete added football to his list of conquered sports this year as he proved a big asset to Coach Bill Taylor's football eleven. In addition to his pass-catching prowess, Neal booted 13 extra points and two field goals. He was chosen on the East Central Conference second team when the All-Conference votes were cast.

Bobby Phillips served as co-

captain of the Tigers football team this year while playing offensive right halfback and also halfback on defense. While Bob leaves the basketball wars to Neal and his assistants, he adequately holds down the third base position on the baseball team with his flashy fielding and timely hitting.

**BETA GING TO INDUCE NEW MEMBERS**

The Beta Club of James Kenan High School will hold a meeting on December 20, for the purpose of inducing eight new members into the club.

The new members include the following: Linda English, Walter Bostie, Bobo Potter, Polly Brinson, Frances Stroud, Linda Blanchard, and Benny Bartlett.

### BETA CLUB CHOOSES OFFICERS

The JK Beta Club recently elected its officers for the current 1961-62 school year.

Carol Pate has been chosen as the new proxy, and Linda English is the vice-president elect. Johnny Pat Harmon will turn over the vice-presidency to Linda when she is initiated into the club on December 20.

## Rex Best, Sr. Appointed State Head For 1962 New March Of Dimes Program

Rex Best, Sr., Stapletonburg, Wilson County, North Carolina, has been appointed State Chairman for the 1962 New March of Dimes in North Carolina.

"Mr. Best brings experienced leadership to the task of raising funds for vital work in the prevention and comprehensive treatment of Birth Defects, Arthritis and Polio," Basil O'Connor, President of The National Foundation - March of Dimes - said in announcing the appointment.

In a recent interview congratulating Best, Governor Sanford pointed out that "National Foundation County Chapter in North Carolina have provided patient care for 614 polio cases in 1960 and records show that 88% of all March of Dimes money raised in North Carolina has been spent in North Carolina for either patient aid, research or professional education."

The Governor urged all North Carolinians to "avail themselves of the protection afforded by Salk vaccine - made possible by contributions to the New March of Dimes."

In accepting the appointment, Best emphasized the effectiveness of The National Foundation's - March of Dimes - programs of direct aid to patients, extensive research to find preventives, and

for that until universal vaccination is an accomplished fact, paralytic polio is still a threat. Every contribution to the New March of Dimes in January helps fight these cripplers."

Rex Best, Sr., himself the victim of crippling arthritis, has been a virtual invalid in a wheelchair since childhood. In the meantime, over a forty year span, he has operated a successful business and

raised a family of three college educated children, one a physician. In his "spare time," Best has served for 12 years as Secretary-Treasurer of the Distributor Division of the North Carolina Oil Jobbers Association; member and past President of the local Kiwanis Club with a record of eight years of perfect attendance at conventions; a member of the School Board for 18 years; former Chairman, and now Trustee, of the Stapletonburg Methodist Church; and Community Chairman for the March of Dimes in Stapletonburg for the past 16 years. In 1959, Rex Best was presented the Governor's award for the outstanding handicapped person in North Carolina.

## Health And Safety

The American Medical Association says Americans are always getting hurt. The nation's 185,000,000 people have about 30,000,000 accidents every year that are sufficiently severe to require medical attention. No one knows how many others - tens of millions at least - who suffer minor cuts, burns and bruises that require first aid.

People always have gotten hurt and probably always will. We don't even necessarily learn from experience. How many times each year does the lady of the house suffer a minor burn while working in the kitchen? And it goes on year after year. Or how many times each
