HOTTEST NOVEMBER IN FORD HISTORY!

And here's what started the heat wave!

Last month more Americans bought Fords than in any November in history. The blazing success of the long Ford line was end-to-end, all across the country and up and down it, too. Everywhere the people flocked to their Ford Dealers and bought smart new Falcons, and the new Falcon Squire, the glittering swift Galaxies, the famous Ford Station Wagons and the hot Thunderbirds. And they poured in to see and buy up the brand-new Fairlanes just introduced. There are four magic reasons why behind the smashing success of the long Ford line for 1962. First of all is utterly modern styling, the fresh crisp lines that are now being so widely copied by other car-makers, the smart look that dominates the industry. Second is absolute power in eleven kinds of engines, giving you anything you could want in engine

options. Third is total economy—every Ford model is priced directly at your pocketbook, and every Ford, large, medium or small, gives you gasoline mileage outstanding in its class. Fourth is the service-saving concept—every Ford car is built to cut down maintenance worries and problems, with service-saving features other cars may have some day. Ford leadership from Falcons to Thunderbirds is founded on trend-setting innovations. The hot ideas come from Ford. And at the heart of Ford success is an almost revolutionary new concept of quality... most serious and direct concern with the actual part-by-part quality. For the hot trends in the hot cars, for a new experience in quality, and for the best buys on the American Road, see your Ford Dealer.

NOW THERE ARE FOUR CLASSES OF CARS ... AND ONLY FORD HAS ALL FOUR!

COMPACT CLASS:
FORD FALCON

This class includes cars with 105- to 114-inch wheelbase. Most popular by far (a million happy owners!) is the Ford Falcon. Falcon is America's lowest-priced 6-passenger car, set a 25-year record for Sixes or Eights in last spring's Mobilgas Economy Run, gives you a choice of 13 models, including the Futura and new Falcon Squire wagon.

FAIRLANE CLASS:
FORD FAIRLANE

The Ford Fairlane is the first member of a new class which combines the advantages of both compact and big cars... you get big car power, ride and performance... compact savings and maneuverability. Proud below many compacts, Fairlane even rivals some in gas economy. Has twice-a-year maintenance introduced by the Galaxies.

FULL-SIZE CLASS:
GALAXIE BY FORD

The class for families who want big car comfort, performance and prestige. Value leader in the Ford Galaxies—which has every essential feature of far costlier fine cars. With the optional Thunderbird 390 V-8 engine, a Galaxie will outperform America's most expensive luxury cars. Requires servicing only twice a year, or every 6,000 miles.

LUXURY CLASS:
FORD THUNDERBIRD

The top class—cars for people who want the very finest. First of the trim-line luxury cars, the 4-passenger Thunderbird is the most distinctive car in this class. Its styling sets the trend for an entire generation of cars and now finds a new elegance in the Landau. And Thunderbird's performance is just this side of flight.
