END YOUR CONSTIPATION WORRIES
Now you can end your constipation worries once and for all. Put aside chemical laxatives, oils or bran-like roughage that may upset your system. Instead, take SIBUTAN in a glass of water every day.
SIBUTAN is an all-vegetable laxative aid that provides the proper moisture, bulk and peristaltic stimulation you may need as you grow older - to promote daily regularity. This is entirely different from chemical laxatives. Prove it to yourself. Take SIBUTAN as directed for at least one week. You must be well on the road to daily regularity or your money back from the maker.
