East Coast FLOWER FARMS PINK HILL, N. C.

This is the Ford Fairlane's new Challenger "260" V-8. There's no other V-8 like it. It's the latest in a series of Ford V-8 triumphs that started back in 1932 when Ford introduced the world's first popular-priced V-8. Today—30 years and 30 million V-8's later—the Challenger "260" adds new fuel to the hottest performance record in V-8 history. It gives you all the time-tested toughness of iron—with a lightness and compactness iron never had before. A muscular 164 hp, this new Challenger "260" V-8 is all snap, sparkle and smoothness. It runs on regular, yet gives you better gas mileage than any standard-size 6-cylinder car. Price it and you're in for a surprise—a Fairlane V-8 carries a smaller price tag than some compact Sixes. And, of course, a Fairlane gives you big-car room and fine-car quality you'll find in no other car anywhere near Fairlane's amazing low price. There's never been a buy like Fairlane because there's never been a car like Fairlane; that's why this all-new car from Ford is now out-selling every other "new-size" car!
