Standings in Little League:

Lions	0
Rotary	2
American Legion	1
Jaycees	3

Manager Del Parkerson Lions roared past Ted Wilson's Rotary last week 14-4, behind the five-hit pitching of Tommy Benton. Benton now has compiled an overall 2-0 record.

Pat Mathis, the Lions' flashy little shortstop, saved the day for the front running Lions with a back handed stab on the bat of Rex Lanier in the second inning with the bases loaded.

George Lloyd and Rocky Blanchard led the attack for the Rotary with one pitch each. Danny Best and Mathis led the Lions assault with two hits apiece. Mathis' home run and double drove four big runs across the plate and assured Parkerson of first place in the league.

Bill Washburn's American Legion team defeated the Jaycees 16-3, in another really exciting game last Wednesday. It assured the Legion of at least a tie for third place.

Chuck Millard, the Lions' winning pitcher, led the attack for Washburn's team with two-for-three. In picking up the win Millard gave up only five hits. Barry Washburn, the manager's son, also collected two of the five Legion hits.

On Brinson's Field in Kenansville, Clark Helton hurled five innings for Woody Brin's Yankees to drop the Tigers for the second straight time 6-4. Doc Brinson hurled the last inning for the Yankees and gave up one hit and no runs.

Tiger Steve Summerlin pitched two and one-third innings for the Tigers of Dennis Bostic and gave up four runs. Jackie Nethercutt came on and finished giving up just two runs and striking out eight.

Terry Williams, regular first baseman for the Yanks got two doubles and a single and Shaw Lewis, centerfielder hit a homer to pace the winners. Jimmy Stroud, Ronnie Bostic, and Nethercutt collected two hits apiece for the Tigers.

Little Steve Sheffield hurled the Jays to victory over the mighty Rotary to the tune of 19-3. Sheffield aided his own cause with three big Jaycee hits. Tim Brinson pounded the ole apple around and came up with three for five and four RBIs. Steve Jones and Roy Warren, had two hits apiece for Paul Mull's first win of the season.

Rocky Blanchard led the Rotary with two-for-two. Charles Costin was the losing pitcher giving up 12 hits and five walks.

The powerful Parkerson Lions came on strong again Saturday dominating the Washburns Legion team, 24-3. Robert Blackburn, the big gun in the Lions attack, was the winning pitcher. He collected four hits and drove three runs across the plate. He gave up only six hits in gaining his second straight win of the season.

Every man in the Lions lineup collected at least two hits except two men, Tommy Benton, Danny

Best, Ken Brock, Johnny Fonvelle and Hunt Taylor had at least two hits apiece.

Coach Thell Overman in Wallace has been trying to get some one in Warsaw to help form a Little League. He has thirteen and fourteen. I understand he has been successful in Rose Hill, Wallace and possibly Kenansville. If you are interested contact Mr. Overman.

Outstanding in the Warsaw Little League this season Hunt Taylor Daunna Millard, Pat Mathis, Johnny Fonvelle.

As for the K'ville Little League it could be no other than Jackie Nethercutt and Clark Helton.

Added attraction, The Midget Added Attraction. The Midget call it, of the Kenansville Little League will play at 3 o'clock just one hour before the regular Tiger - Yankee game on Brinson's Field.

Come see . . . Thursday.

ON TOUR

Twenty five North Carolinians will leave New York City, June 9, bound for Europe by jet plane as members of East Carolina College's Third Grand Tour of nine European countries. Among the 25 will be Elizabeth Daughtry and Mollie Latham of Faison.

Broiler condemnations due to respiratory diseases are mounting in the Southeast.

IRRIGATION & WATER

(Continued From Front) their odds have been estimated twenty to one that the irrigation system would pay for itself.

Irrigation can be viewed as insurance against drought, but it should be viewed as a long-term investment. The investment might look too big when comparing it with the expected increase return for a short period; however, when the original investment is spread over the life of the equipment, which is normally considered to be 10 years, and the total acres on which the system will be used, then the initial cost might not be too much after all.

Farmers Home Administration is able to make loans to eligible

farmers to purchase irrigation equipment and to build a water supply. Terms of these loans can be extended up to 10 years, and the interest rate is 5% per year on the unpaid balance. Tenant farmers may be eligible for this loan, also.

Perhaps today would be a good one to drive over to see your neighbor's irrigated tobacco. Maybe he can give you some figures on the role irrigation is playing in his farming operations. You just might decide that it is time for you to add this improved practice to your farming operations. It is possible that instead of a drought we may have a very wet period later that will cause heavy damage through drowning. If this

is the case, then drainage through tile and ditches could be the answer. This same loan provided funds for both irrigation and water supply for dry seasons and funds for drainage for those wet seasons. The successful farmer will attempt to control the water on his crops by utilization of both irrigation and drainage.

It is now too late for most farmers to install either drainage or water supplies for this year's crops but it is the time to figure ahead for next year and have these resources available for future crops. They will more than pay for itself. Further information may be obtained at the Farmer Home Administration Office in Kenansville.
