Westinghouse
Diplomat Electric Range

A budget-priced range with many features and all the quality found only in the most expensive models. King-size oven cooks complete company meals. Surface Unit Controls have five marked positions but may be "fine tuned" anywhere in between settings for an infinite selection of cooking heats. See this tremendous range value today. You can be sure... if it's Westinghouse.

Terrace-Top 30
electric range**

unique design puts work surfaces at most convenient height

The smart styling of this new range provides a two-level work surface that makes cooking so much easier. Front units are 3 inches below standard counter height, where foods may be stirred, beaten or whipped in the most comfortable position. Rear units, slightly higher, are easy to reach, yet out of the way for foods that require less attention. Removable door and plug-out oven heaters make clean-up easy, too. Available in two models, standard and automatic, in four decorator colors. See it demonstrated today.
