Both Mr. Barbee and Mr. Callaway are Burlington executive vice presidents and members of the Company's Management Committee, with broad responsibilities for various Burlington operating divisions.

A graduate of Emory University, he is a member of the Government's Wool Textile Advisory Committee; vice president and member of the Executive Committee of the National Association of Wood Manufacturers, a member of the Board of Governors of the Meninger Foundation, Topeka, Kansas; and a trustee of the Philadelphia Education Trust, Philadelphia, Pa., and the Educational Foundation, American Institute of Technology.

Christmas D-Day

Wednesday is D-Day, Postmaster William C. White warned.

That's the last day out-of-town Christmas gifts and greetings should be deposited in the mails to be 100 per cent sure that they are delivered on time.

Mail volume nationally has been breaking all records. To date, the Cooleemee Post Office has handled approximately 20 percent more pieces of mail this year and, so far, about 4000 Christmas stamps have been purchased.

Each of these attractive "special" stamps depicting the Angel Gabriel offer first-class mail privileges for Christmas cards. The use of the Gabriel stamp or any other five-cent stamp will provide forwarding service if the recipient has moved. First-class service allows for returning the cards if they are undeliverable provided a return address is on the envelope. It also means they receive priority in handling and delivery.

The postmaster is asking that all outgoing mail include the local ZIP Code in the return address. The ZIP Code for Cooleemee is 27014. "This is the best time of the year to up-date mailing lists. Remember to check the ZIP Codes on all incoming mail and add them to your address book."

"Last year, ZIP Codes were a great help in speeding mail delivery. In fact, they were largely responsible for the outstanding record of on-time delivery chalked up across the nation during the Christmas rush. At this time of the year, we especially need your help by mailing early and using the five-number Codes," he said.

"One of the best ways to avoid unworkable postal mail volume is for people to mail often, not to save on their mail for one big mailing."

H. D. CLUB

The Home Demonstration Club will hold its Christmas Party on December 17, with a covered dish supper at the home of Mrs. James Alexander at 6:30 P. M. Members will exchange Christmas cards and Mrs. Edw. E. Carter, Jr. of Charlotte, Sunday with his parents, and Mrs. Edw. E. Carter.

Postmaster Gives Advice

Post Office Gearing For Yule Crush Of Packages And Cards

Last Christmas the Post office handled more mail than ever before, yet the operation was the most efficient in history. Postmaster Bill White, said yesterday.

Nationally about 99 per cent of the Christmas mail reaches its destination before Christmas Eve.

Zip Code use and the co-operation of the public in mailing early were the main reasons for the success. With the same or better co-operation this year, it is expected the Post Office can handle an even greater volume of mail with less effort than during the 1964 Christmas rush.

MAIL ADVICE

Mr. White had some advice which would help mailers prepare for the Christmas mail season for cards.

Update last years mailing list and include ZIP CODE.

Use first class postage on greeting cards. This assures their being forwarded if the recipient has moved and left an address. If there is no address or record the greeting will be returned if a return address is on the envelope.

Literally millions of pieces of mail will be delivered between now and Christmas and your co-operation is the key to fast and on time delivery of mail during this season.

In the past, the public has been most helpful and White said postal employees look forward to the same spirit of co-operation for this Christmas.

Mr. White emphasized again that parcels be securely packed and wrapped and addresses be clear on all items mailed. Mail early and mail often and this year let us all, mail early and use Zip Code on all our mail.

Gift parcels for distant states should be mailed now. Gift parcels for local and nearby areas should be mailed by December 14 and all gift parcels should have the name of both the sender and the addressee with their addresses enclosed in the parcel, this will permit identity in case the outside address is damaged or comes off the parcel.

WHAT IS IGA?

IGA means, Independent Grocers Alliance, an organization of 5,000 independent home owned progressive food markets stretching across the United States and Canada. IGA was the original grouping of independent retailers and for nearly forty years has dominated this type of food distribution. National buying power has brought the American housewife super savings through these years with controlled quality standards, otherwise impossible for non-members.

National distribution demands expert selection and buying of all IGA products at their very source. It means watching over the growing of crops and the feeding of livestock, as well as the processing of these products at their very peak of flavor and nutrition. Then by mass handling procedures, you the housewife, benefit from the savings IGA people bring about by the most modern distribution procedures. Yes, speed enters into the picture too, because IGA is jealous of its record for freshness, which insures retaining those precious vitamins and minerals that make for strong healthy bodies.

New Safety Precautions At School

Last week, white safety lines were painted at the end of several streets so the local school children could walk in these lines to help prevent them from being hit by traffic. Also huge "School" lettering was painted across the streets in front of these zones to slow down cars as they pass along in front of the school building. A lot of drivers do not realize the danger of excess speed as you drive anywhere along the streets in front of the school, but everyone should drive very slowly and carefully, especially as school opens or closes. These lines do not mean necessarily that all the children will walk within them, but they were painted as a safety precaution.

TURKEY SHOOT

Turkey Shoot will be held opposite the Shopping Center on Saturday, December 11th and Saturday, December 18, sponsored by the Cooleemee Jaycees.
