

G.O.P. Names Broyhill For 9th District

YADKINVILLE — Republicans in the 9th District nominated Rep. James T. Broyhill for Congress Saturday and predicted he will win a third term by 50,000 votes.

They went through only the motions of a convention, for there was never any doubt that Broyhill, one of two Republican congressmen in the state, would be their choice.

And there was never any doubt that Broyhill would attack President Johnson's "Great Society" administration, which he did in his acceptance speech.

About 325 delegates from the district's 11 counties applauded gleefully when Broyhill mentioned the "fight" between Vice President Humphrey and Senator Robert Kennedy. The two men, he said, have been exchanging words about what factions should have much influence in any government that may be established for South Viet Nam.

The new 9th District contains so many Republican counties and so many GOP voters that the Democrats have not been able to talk anyone into running yet. Mrs. Walter Zachary of Yadkin was re-elected district chairman. The other two officers provided for in the state plan are H. R. Hendrix, Jr. of Davie, vice chairman; and Frank Smith of Caldwell, secretary.

Additional offices were authorized by the convention and filled by election: Robert Strickland of Wilkes, treasurer; W. E. Stevens Jr. of Caldwell (Broyhill's brother-in-law), finance chairman; and Phil Kirk of Rowan, publicity chairman.

Davie Seeks A Special School Tax

The Davie County Board of Education has requested the county commissioners to set up a special account earmarked Davie County schools capital outlay reserve funds and to increase county taxes 20-cents per \$100 valuation for the purpose.

The committee, meeting last week, unanimously adopted a resolution requesting the Davie County Board of Education to recommend to the county commissioners the levying of a 20-cent additional tax.

The 20-cent per \$100 valuation increase would yield approximately \$120,000 annually for the school system. The county tax rate is presently 80 cents per \$100 valuation.

PATRIOTIC BOYS—When you enter the home of Mr. and Mrs. Roger Funderburk of Cooleemee, the first thing you notice is a beautifully decorated wall that displays pictures of all the past presidents of the United States, neatly arranged in matched frames, in the room of their sons, Mike, age 14, and Tony, age 9. These boys study the history of each of the presidents and are well informed as to the dates, etc. They have games and other recreation in their room, but these pictures bring out a sense of patriotism that these boys possess. Their father is an Air Force veteran, their grandfather spent 12 years in the Navy, one uncle has 22 years service in the Navy and another uncle has 18 years service in the Air Force.
