TAKES DEMONSTRATION FLIGHT—Representative Gilmer Lee Boger of Mocksville was one of many state legislators who took a demonstration flight February 5, 1967 in the Highway Patrol aircraft. Rep. Boger is shown with Flight Sergeant A. R. Cope who piloted the plane during the demonstration flight.

Member Of The General Assembly Takes Flight

The State Highway Patrol's aerial capabilities at traffic safety were demonstrated Feb. 5, 1967 to State Representative Gilmer Lee Boger of Mocksville.

State Motor Vehicles Commissioner A. Pilston Godwin, Jr., has invited every member of the 1967 General Assembly to take a flight in one of the two Patrol aircraft during January. "We want to show the legislators what a tremendous contribution can be made by the Patrol's aerial arm to traffic safety and enforcement," Godwin said.

Rep. Boger took his flight from Salisbury Airport, one of several around the state where Patrol Flight Sergeants Dan Williams and A. R. Cope are conducting the demonstrations. The planes fly over critical traffic areas while a Patrol flight observer demonstrates to the lawmakers techniques used in traffic control and the manner in which moving traffic violations can be observed from the air.

The Patrol planes are now used to aid in traffic control at football games and other events where heavy automobile concentrations occur, to conduct search operations for missing persons, and to search out fleeing felons. The Patrol is presently prohibited by law from employing the planes to detect and apprehend certain types of dangerous moving traffic violations.

Congressman Broyhill Announces Selections For The Academies

Congressman James T. Broyhill announced his selections in Washington today of young men to compete for the vacancies in '67 at the Air Force, Naval, and Merchant Marine Academies. One Davie County man was among those named by the 9th District Congressman to participate in the final competition.

Richard Holt Cartner, son of Mr. and Mrs. Roy Holt Cartner of Mocksville, was selected to participate in the final entrance examination for the Air Force Academy at Colorado Springs, Colorado. Cartner is a senior at Davie County High School where he is an honor student. He has been an active member of the football squad and has participated in a number of extra-curricular and church activities.

Congressman Broyhill explained that his nominations were based solely upon merit established in district-wide scholastic examinations conducted some time ago at the Congressman's request. "I have instructed the Academies," Broyhill stated, "that the successful candidate for each vacancy should be determined on the basis of scores obtained in final entrance examinations to be conducted by the Armed Forces during the next several weeks."

The Congressman also announced that he will begin accepting applications in May for the Academy vacancies to occur in July 1968. Young men now completing their junior year in high school can obtain information about the opportunities that each of the academies offer by writing to Congressman Broyhill in Washington.

Mocksville Presbyterian Church Celebrating 200th Anniversary

Researching as far back as 1767, and as widely as the minutes of the Synod of Philadelphia and New York, James W. Wall discovered the first record of what is now First Presbyterian Church of Mocksville, North Carolina. "A careful study leads to but one conclusion," he writes, "the church or meeting house referred to in the Presbyterian records in 1767 as 'the forks of Yadkin' was later known as Joppa Presbyterian Church . . . and is now the First Presbyterian Church of Mocksville."

Mr. Wall, a ruling elder in the Mocksville First Church and teacher of history at Davie County High School, published his careful study in 1963. Copies are available at \$8.00.

The meeting of Presbytery, on January 31, will begin a series of special occasions that mark the 200th Anniversary year. On March 12, the First Church of Mocksville will invite neighboring churches to participate with them in a special observance at which Dr. Ben Lacy Rose, professor of Homiletics at Union Theological Seminary, will preach. In the month of May, former ministers of the Church will be invited back for special services. These include the Rev. William Howell, of the First Presbyterian Church of Atlanta; the Rev. Paul Richards of Metairie, Louisiana; the Rev. William F. Long, of Gastonia; and the Rev. W. C. Cooper, of the Buffalo Church, Sanford, N. C.

Leo Cox, a former teacher of Surry County and a graduate of Winston-Salem State College, has been selected Director. Gene Harris of Elkin, N. C. has been hired as the Deputy Director of the Neighborhood Youth Corps Program.

Carroll F. Gardner, Chairman of the Board of Directors of Yadkin Valley Economic Development District, Incorporated, serving Davie, Stokes, Surry, and Yadkin Counties, said: "The Neighborhood Youth Corps project will entitle 100 students between the ages of 16 and 21 from low-income families in the YVEDD area to work part-time at the rate of \$1.25 per hour. Employment priority will be given to youth, who, in addition to being members of low-income families, have social or emotional adjustment problems, poor academic achievement, poor attitudes toward work, cultural deprivation, or physical or mental handicaps. Applicants from all levels of achievement are being considered by the NYC staff and respective guidance personnel in participating schools in selecting enrollees.

Possibilities for jobs in the Neighborhood Youth Corps are limited only by the needs and imagination of the communities. State and local government agencies, public institutions, and private nonprofit organizations, welfare organizations and business associations, can develop suitable entry jobs based on unmet community needs. The NYC is an investment in the future of our area. It will mean better communities and youth better prepared for the complex world that lies ahead."

The current needs of the four counties indicate that 100 youth (enrollees) will be distributed as follows:

Davie	16
Stokes	19
Surry	40
Yadkin	25

The Neighborhood Youth Corps office is currently located on the second floor of the Yadkin Valley Economic Development District, Incorporated, office building on Park Avenue in Boonville, North Carolina.
