SENIOR CITIZENS

By Reporter

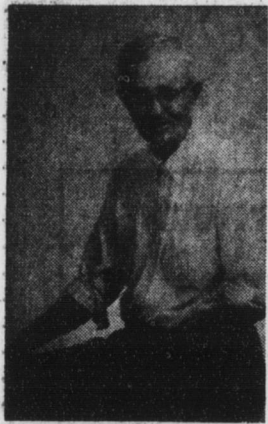

Eighty senior citizens were called to order on Monday morning by Vice-President Mrs. Rosanna Swink. Mrs. M. H. Ridenhour acted as secretary and Miss Bettie Orringer as pianist. Mrs. G. H. Spry brought the devotionals. Her scripture was Galatians 6: 1-10, 14. Following her inspiring remarks, Frank Miller offered prayer.

Visitors were Mr. and Mrs. Frank Cole from near Lexington and Mr. Dol Pope of Woodleaf.

Mrs. Ida Foster and Mrs. E. C. Tatum, Sr. brought flowers.

Mrs. M. H. Ridenhour had charge of the program. News events were given by various members, using the names of other members instead of those in print. This was quite amusing. Next, a contest, "How well do you know your disciples" in which eight members took part. The author used not only the Scriptures, but descriptions from two books, "The Master's Men" by William Barclay, and "Jesus Loved Them", by Sam Patrick and Omar Garrison. So much description and mythology was quite confusing and a few correct answers were given. Monday evening at 7:30 there were fifty-one of our members who attended Revival services at the First Baptist Church. Sitting in a body, they sang three hymns as part of the special music.

This week we are paying tribute to one of our Octogenarian members, Mr. H. M. Daniel. He has contributed much to our program with his beloved violin.

Questions and Answers

QUESTION: Ho long would it be before these schools would be completed?

ANSWER: It would probably be three more school years before these buildings would be completed. After the sites are located, 8 to 10 months would be needed for planning before bids are let. Adequate time to plan for economical construction is a must.

QUESTION: Why doesn't the state put more money into school buildings?

ANSWER: This obligation is left largely to the counties, and is the principal reason for exercise of local control in our schools. We feel that local control is good, since it gives the citizens a voice in the administration of our schools; but, if we relieve ourselves of financial obligation, we must also relinquish our rights to control.

QUESTION: How does our local effort compare with other counties?

ANSWER: There is a wide disparity among units in the matter of local financial effort. Our local effort in per-pupil expenditure last year was \$45.10; this was \$17.37 below the state average per-pupil expenditure of \$62.47. This means that a Davie County student received \$17.37 less than the average student throughout the state in educational goods and services during the 1965-'66 school year.
