Deadline Notice!

Last week — and probably this week, too — we're not going to get into the paper some of the news that's brought to the Journal office late Tuesday or Wednesday.

When we started printing the Journal in Lincoln on September 7, we did so on Thursday. The trouble was that we didn't get it to the Post Office in time for people on the rural routes to get it until Saturday.

Now we're trying to print in Lincoln on Wednesday. Lincoln prints four papers on Wednesday on a first-come, first-serve basis. Last week we were last and didn't get back to town until 1 a.m. Thursday.

This week and from now on we plan to be first. We are going to bug out of here by 6 a.m. and hope to get the Journal back home by mid-Wednesday afternoon.

This way, we can have the paper in the hands of all subscribers in Davie and Rowan counties by no later than Thursday. This will be a big service to the advertisers who support the paper. It's tough on us at the Journal and we know it may be more difficult for many of you who bring in the news, but please try to have your news to us by Monday at 5 p.m. We can handle it until noon Tuesday, but anything later than that you've got to take your luck.

Please try to get weddings and weekend ball games to Marlene by Saturday. This will enable us to get it all set into type and get ready for the last minute push.

Thanks.

Help The Fire Department!!

To report all fires in the Jerusalem Township or Cooleemee, call Central fire station by dialing 634-2148 and give the location of the fire to them.

If possible give person's name who resides in home. Give the street or road name, and nearby store name or landmark. In case of a house off of the road, it would help the drivers if someone could be at the entrance of the drive to direct the fire fighting

equipment in to the fire.

We would like to ask everyone to cooperate with the fire department by not following the trucks to a fire. The volunteer firemen who are members of the department trained to fight fires are sometimes held up in traffic by onlookers that are just curious to see what is going on. This is a fact.

We appreciate help by anyone but please be careful and give the equipment the right of way.

Duke Power President Is Coming To Opening

W. B. McGuire, president of Duke Power Company, will participate in ceremonies to officially place Duke's new Mocksville office building in service on Friday, October 20.

McGuire and D. W. Jones, Executive Vice President-Retail Operations, along with J. W. Lewis, Assistant Vice President-District Operations, head a group of Duke Power officials who will be on hand for the Open House at the company's new office at 219 North Main Street.

E. E. Goodwin, Manager of Duke Power's Mocksville Branch, said the Open House was being held to acquaint Mocksville area customers with the new facility. The Open House will be held between the hours of 9 a.m. and 8 p.m., and all customers of the company who attend the event will be eligible for several handsome prizes.

A drawing will be held at the end of the day to determine winners of three electrical appliances—a clothes dryer, blender and toaster.

McGuire, Jones, Lewis and the Duke visitors will be joined by a host of Mocksville area personalities for 11 a.m. ribbon-cutting ceremony that will officially open the 7,000 square foot brick and glass structure.

Included among those expected to attend the event are Mayor D. J. Mando, City Treasurer G. H. C. Shut, and members of the Town Board—O. K. Pope, Roy W. Collette, Samuel W. Howell, Clyde Glasscock and Gilmer Hartley.
