

Brothers Complete 35 Years Service --- Recently, Dewey "Chick" Fowler (left) and Paul E. Fowler (right), brothers, reached an employment milestone with the Erwin Mills Plant in Cooleemee. "Chick", who is a member of the Greige Cloth Room Department, began his textile career with the local plant on April 10, 1933 and Paul, who works in the Cotton Warehouse Department, began shortly thereafter on May 27, 1933. Thirty five years of continuous service with the same company by brothers who began their careers at practically the same time is certainly an oddity as well as being an accomplishment of which they can be proud. Both are to be congratulated for their fine efforts.

Milling Road Manager Visits Michigan Plants

Ken Sales, manager of Milling Road Furniture, last week visited all the Milling Road and Baker manufacturing plants located in Holland and Grand Rapids, Michigan. On the return trip, he stopped over in Chicago and spent the day there where his company was having the Summer Furniture Market.

Meteor Crater, Ariz., is the world's first proven meteorite crater.
