Help Is On The Way For Telephone Plagued Residents Of Cooleemee

The best way of communicating and the quickest—by telephone.

Lately this has been a matter of opinion around here.

But it could be that help is on the way.

District manager, A. C. Tysinger's letter to the telephone customers, in last week's Journal sounded great.

He informed us that we have not been deserted and that an "outstanding installer-repairman", Mr. Herman Ford, has been hired full time to serve the Cooleemee area.

Mr. Tysinger further stated that a construction engineer had spent four days here planning new lines and facilities.

For this informative letter and Mr. Herman Ford, we are appreciative.

We are not an ungrateful people and our demands are not unreasonable. We only expect the service and consideration of other customers and to be informed is always appreciated.

We realize that due to the distance between Cooleemee and the district office in Marion, problems will arise. But then, problems are made to be solved.

Now we are anxiously waiting to see these future plans become a reality.

In talking with Mr. Tysinger last week, he commented on the future plans for improving our telephone service, which will include a new central office and equipment and new cable.

This is needed desperately

and we only hope to see these improvements in the very near future.

It will be rough-sledding for a while for the new installer-repairman, due to the accumulated troubles and, no doubt, he'll surely earn his salary. But we, the Cooleemee people, are ready to be shown some type of improvements, and with Mr. Ford here permanently is a good step in the right direction.

Telephone Serviceman Moving Here

Mr. Herman Ford, who has recently been hired by Western Carolina Telephone Company as full time installer-serviceman for the Cooleemee area, will be moving his family here this weekend.

Beginning this weekend, you may call Mr. Ford at his home (284-8200) to report any type of telephone service needed.

No payments will be accepted at the office. Continue paying your bills through Central Carolina Bank or mail in the self-addressed envelope provided.

The Fords will move into the house previously owned by Glenn Ijames on 54 Davie Street.
