Incorporation Pros, Cons To Be Viewed

The town meeting, open for discussion on the advantages and disadvantages of incorporation, is set for Thursday, April 23 at the Cooleemee School Auditorium at 7:30 p.m.

There has been a great deal of discussion, both for and against incorporation of the town of Cooleemee, by the citizens recently. Every citizen should make every effort possible to attend this meeting and hopefully they will find the answers to many questions that could not have been properly answered prior to this meeting.

A panel of qualified men in all related fields will be present and should be able to answer most of the questions the people have at this time.

Every individual especially those living within the temporary boundaries, should attend this meeting to obtain as many facts as possible, before voting.
