Youth Corps Will Fill 270 Jobs

There will be a total of 270 job openings to be filled by Neighborhood Youth Corps workers in the four counties of Surry, Yadkin, Stokes and Davie during the upcoming summer months. The NYC program in the four-county area is administered by the Yadkin Valley Economic Development District, Inc.

To be eligible for work in the NYC program, children must be between the ages of 14 and 21 and be in school. High school graduates are not accepted.

Student workers are paid a minimum of \$1.45 per hour. They may work a maximum of 260 hours for the summer, preferably 26 hours per week for a 10 week period. They may spend 10 hours per week of their allotted compensated time in educational programs sponsored by accredited educational agencies as recommended by a school counselor.

Work stations must be in non-profit organizations, including such agencies as schools, and branches of local government agencies or state and federal agencies.

Children seeking to enroll in NYC for the summer should contact the Community Action Program office in their county, the guidance counselor in their school, or contact the Yadkin Valley Economic Development District headquarters in Boonville.

NYC is aimed at helping children to earn money, gain work experience, and supply supportive services to low-income students who are potential drop-outs. It is designed also to encourage these potential drop-outs to return to school next fall.

Reading Is For Everyone

An Invitation to Davie County What about the Davie County Libraries and YOU? The Library Week being celebrated April 12-18 is National but let's bring this closer home — let's talk about OUR LIBRARIES. We are using the plural — libraries — purposely, for there is excellent co-operation in Davie County between the school and public library systems. Each contributes its own

kind of help to our citizens, from pre-kindergarten to retirement.

As soon as a very small child can recognize simple pictures and enjoy the simplest of stories and verses his family can help him form "the library habit", and it is a real joy to see the responsive little faces as they "discover" the world of books in the public library! It is easy to tell which lucky children are brought regularly to choose their books with the guidance of librarians and parents.

At age four these little folk can come to a weekly story hour held in the Main Public Library and in the Cooleemee Branch, and they are delighted to be able to take books home each week. By this time, the library habit has "taken" pretty well, and they are ready to understand and profit from the continuing helpful library experience which they receive in school.

During the school years our Davie County young people are supplementing their school facilities by using their Public Library to find a whole world of knowledge at their fingertips in Reference Books, General Books, Magazines, Newspapers, Booklets, Records, Films and all kinds of exhibits to widen their interests.

Young people of the county also receive special attention in the summer, including a planned summer reading program.

And what about the many persons in Davie County who

are now out of school? No one ever completely stops learning. We couldn't live in our world if we did! So every adult in this county can turn to his own Public Library for all the helps his children receive, plus many others. There are: quick telephone reference service to the North Carolina State Library (no charge to patron for call), special programs planned for the public, Davie County history in a room of its own, a regular weekly radio program which is both entertaining and informative, a film service, a meeting room for community use, county bookmobile service for the whole family, Main Library open each Monday night, and — well, just two short tips as to how to use all this:

1. Don't hesitate to ask the librarian's help if you need it — (that's what librarians are for!)

2. Get to know your local library from wall to wall — don't be afraid to browse.

ELLIS FAMILY - These brothers and sisters, decedents of the late Mr. and Mrs. Frank Ellis, are all former residents of Davie County. From a family of 13 children, there are only five surviving. They are (L-R) Mrs. Lee Rudd of Greensboro, Mr. Lewis Ellis of North Cooleemee, Mrs. S. T. Dyson of Winston-Salem, and Mr. Sam Ellis of Pittsburg, Pa. Mrs. Flora Ellis Lineback of Greensboro was absent when picture was taken. They were all recent visitors of Mr. Lewis Ellis.
