Library Week Is Successful

Our sincere thanks are offered to the Davie County Enterprise-Record, the Cooleeemee Journal and to Radio Station WDSL for their willing co-operation in making National Library Week, 1970, a success in Davie County.

About 450 children in various groups were welcomed to the Main Library last week in addition to other visitors.

A total of 390 third grade children of Davie County, with their teachers, visited the Main Library during National Library Week. They were shown the exhibits, the sculpture, all of the library including the behind-the-scenes work area, and thoroughly enjoyed a film in-

roducing some of "Nature's Strangest Creatures." The library staff enjoyed playing host to these young people and they look forward to having them in the library regularly, especially during the summer when a Reading Program will be in full swing.

The "library tour" was also given to three kindergarten groups and the Seventh Day Adventist School.

Extension Home-makers are reminded that their complete reading list is either here or on order. Their books are marked with red tape for convenience of club members but these books may be circulated to other patrons.
