

Davie Library To Sponsor Summer Reading Program

The Davie County Public Library will sponsor its annual summer reading program this summer, and all students in Davie County are invited and urged to participate. It will not be necessary for you to come to the library at any particular time or day to take part. Each person may read at his own rate of speed and from whatever types of books that he chooses providing that they are for his age level. Books from the Main Library, the Coolee Branch, and from the bookmobile may be used in the program.

This year the theme, Reading Is Out Of This World, will be based on a trip to the moon. Each reader will be an astronaut on a space flight; the number of books read by the individual will determine how quickly he will reach the moon. The travel rate will be 20,000 miles per book and a large bulletin board in the library will plot each reader's progress. For each book read, a rocket will be placed by his name in orbit to the moon. When 10 books are read, the person will then be on

the moon, and a flag will be put there to show his arrival. More than one trip can be made, providing 10 additional are read for each one-way trip.

Each reader will receive a membership card upon enrolling in the program and, upon completion of 20 books, a reading certificate will be presented at a school assembly program in the fall. During the last week of the program, a party for all participants will be held at the main library and a full length Walt Disney movie will be shown.

Full details of the summer program will be explained at Open House on Monday night, May 18 from 8:00 to 9:00 p.m. at the main library. Art work by Davie County students will be on display at this time, a film Into the Known will be shown and refreshments served.

Don't miss out on a summer of good reading and fun. Come out to the library from June 3 to August 21. Be one of the first people from Davie County to reach the moon!

Arnold Palmer Buys Lot On New Course In Davie

MOCKSVILLE — Arnold Palmer, the famous golfer, has bought property in Davie County.

The announcement was made Tuesday at a meeting of the Mocksville Rotary Club that Palmer had bought a lot in the area and has become a charter member of the Bermuda Run Golf and Country Club which is now under construction. He will serve on the club board as a consultant.

Billy Satterfield, president of Bermuda Run Ltd., said the club's 625 country-estate acres on the old Arden Farm site in Davie County are being transformed into a family living community, and when completed it will be a

recreational and residential community.

Included in plans for the club site will be a championship golf course, facilities for swimming, tennis, horseback riding and boating.

Satterfield said that about 175 lots are now being laid out and of these 165 have already been sold, including the one to Palmer. Lots will be chosen in a drawing, and 23 apartments have also been sold.

Lots in the area sell for \$10,000 which carries a charter membership to the club. Regular memberships will cost \$5,000. Monthly dues will run around \$40, and after the first year about \$30 per month. Membership into the club is limited to 500.

Davie County Loses, 1-0, In Last tilt

LEXINGTON — Rodney Grubb pitched a two-hitter and fanned 10 batters as Central Davidson edged Davie County High, 1-0, in the North Piedmont Conference here yesterday. It was the last game for both teams.

Central Davidson pushed across a run in the bottom of the last inning to claim the victory.

Card Of Thanks

The family of the late Ernest E. Sain wishes to express their gratitude and deepest appreciation for the kindness shown us in our time of sorrow.

We would especially like to thank the friends and neighbors that so willingly brought in food and flowers and who helped us so much through such a trying time.

May God richly bless each and every one of you for your thoughtfulness.
