Area Health Group Will Meet Here

The Mid-Crescent Comprehensive Health Planning Council Inc., which is seeking state recognition, will have a public hearing at 5 o'clock tomorrow at Rowan Technical Institute.

The hearing, according to Dr. Ladd Hamrick of Concord, is necessary to comply with state health planning regulations.

Herbert M. McCallum of the State Comprehensive Health Planning office, will be in charge.

The Mid-Crescent Council was organized in 1969 to represent Cabarrus, Stanly, Iredell, Davie and Rowan counties. Medical doctors, hospital administrators, educators, public health agency personnel, governmental officials, volunteer health organizations and representatives of the general public, are members of the organization.

During the early planning phases, the Mid-Crescent Council decided to emphasize training of people for work in the health fields as its first thrust. Through efforts of the council and Rowan Technical Institute, several courses were designed to use people now employed in the health fields better including courses for nurses and nurses aides.

A 12-point program has also been developed by hospital administrators in which they are sharing equipment and cooperating in the employment of engineering consultants.
