LOOK at the FACTS!

1. Burlington's new operation will employ approximately 50 people. (They feel about 99 percent sure this operation will remain small.)

2. After six months time services other than recreation will be re-evaluated. (The small size of the new operation will not permit Burlington to continue these services in the future.)

3. After this year Burlington feels no obligation to continue the recreation facilities. They will GIVE the entire recreation facilities to the new town government.

4. Burlington will PRE-PAY one years taxes to get the town going independently. Also they will GIVE us the town's water distribution system AND will guarantee water and sewer service for another industry locating in Cooleemee by selling it to the town, for resale, IF we become incorporated.

WHAT COOLEEMEE MUST DO

1. In order for Cooleemee to remain at its present level or to progress we MUST become independent and be able to take care of our own.

2. It is true that when we become incorporated Burlington will pay approximately one half of the tax load. (This will be a legal obligation not a gift.)

WHAT YOU CAN DO

1. REGISTER for the Town election.
2. RUN for Town Council.
3. Vote for INCORPORATION of Cooleemee June 20, 1970.
