### The First Wedding,

We like short courtship and in this Adam acted like a sensible man—he fell asleep a bachelor and awoke to find himself a married man. He appears to have popped the question almost immediately after meeting Miss Eve, and she, without flirtation or shyness, gave him a kiss and herself. Of that first kiss in the world we have had our own thoughts, however, and some times in a poetical mood wished we were the man that did it. But the deed is done. The chance was Adam's, and he improved it.

We like the notion of getting married in a garden. Adam's was private. No envious aunts and grunting grandmothers. The birds of the heavens were the mistrels, and the glad sky hung its light on the scene.

### PUBLIC HIGH SCHOOL CONTESTS FRIDAY, APRIL 17.

The first annual meet of the Public High Schools of the Northeastern Division of the state will be held on the Training School grounds in Greenville on Friday April 17th. There will be contests in Recitation, Declamation, Spelling and Athletic Sports.

The Northeastern Division of Public High Schools comprises twenty counties and in these counties there are thirty-seven high schools which are eligible to participate in the contests. Of course, not every school can hope to be represented in every contest but most of the schools will be represented in at least one of the contests.

For the contests in Recitation and Declamation a preliminary contest will be held in the Training School buildings Friday morning, at which time four contestants will be chosen in the respective contests for the final contest to be held in the Training School auditorium that night. The girl and the boy winning in these finals will each be awarded a beautiful gold medal.

The contest in Spelling will be held in the Training School auditorium Friday night also, and will be after the fashion of the old time "spelling match". For first thirty minutes of this contest words will be chosen from Webster's Blue Back Spelling Book, after that time the conductor of the contest, may in his discretion, continue to use this book or he may use Webster's High School Dictionary. The girl or boy winning this contest will be awarded a beautiful gold medal.

The athletic contest will be held on the Training School grounds Friday afternoon and will consist of following events:

- 1—Running High Jump
- 2—Running Broad Jump
- 3—Standing Broad Jump
- 4—Shot Put (12 pounds)
- 5—Hammer-throw (12 pounds)
- 6—100-yard dash
- 7—220-yard dash
- 8—Pole Vault

The winner of the first place in each of the above events will be awarded a beautiful silver medal; in addition to this, the school represented by the winner of the first place in each event will receive five points;

the winner of the second place three points, and the winner of the third place one point, and the school which thus wins the highest number of points will be awarded a silver cup as a trophy to remain in permanent possession of the school winning it.

Entries for these contests have to be made with the Secretary, Supt. J. T. Jerome of Williamston, by Friday the 10th. The local is trying hard to have a winning team prepared to bring that beautiful silver cup back with them. The contestant for the spelling contest has already been selected and the boys are practicing hard every day to see who can excel in the sports. A small but interested crowd gathers on the school grounds every day to watch these boys who are eager to represent our school in this contest, which will prove unusually interesting before the end is reached, especially in this true when one stops to consider the size of the Division and the great number of schools which will complete.

Supt. McLean, who is chairman of the committee of arrangements says that Pres. Wright of the Training School and his co workers are doing all in their power to make the affair a success. They are even trying to make arrangements to furnish entertainment to all who wish to spend the night in their city.

### BRO-MAL-GINE

"No, madam, I never recommend headache medicines that affect the heart action. It's easier to suffer temporarily with a bursting head than it is to die with a bursting heart."  
"But I can safely recommend this. Been selling it for 15 years and never had a case where it did the least harm."  
"Oh, yes, it's pleasant to take, we serve it at our fountain and it is the most popular remedy we have for Headache, Neuralgia, Backache and other aches that are superinduced by colds and stomach disorders."  
"Which size bottle will you have?"  
"Thank you. Call again."

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.
