Now that spring time has come, let us clean up our yards and surroundings, thus adding much to our personal comfort and hygienic safety and at the same time helping to beautify our village. Naturally we are admirably located, but there is always room for improvement. A nicely kept lawn, tastily arranged shrubbery, a little paint brings happy results and aside from the effort on our part, costs little, but speaks volumes for our thrift, enhances the value of property and creates a desire for dwellers of thrift to come and abide with us.
