

Tobacco Growers of The East, Patrons and Friends:

In the offset, I wish to announce that I will have associated with me this year Messrs. McD-Horton and R. E. Belcher, who are now also interested in the New Farmville Warehouse. These Pitt county raised boys are not strangers to you and they join with me in making the Farmville market the leader of the East and the New Farmville Warehouse the home of every tobacco grower that will visit us.

For the Past Seven Years I have exerted every possible effort and labored untiringly for the Best Interest of every tobacco grower of this entire belt, and am proud of the fact that my efforts have not been in vain, for you have shown your appreciation by making my house the leader in pounds, while I've made it the Leader in High Prices.

Let me THANK you, most earnestly, for the liberal patronage you have given me in the past, which has helped me to make such a record, and assure you that ever and anon you will find me the same old true friend, striving to make your crop bring you larger returns. And remember, while other warehousemen are spending their money in making show with big signs, circular letters, hiring expensive drummers, etc., we are saving ours to push your tobacco to the highest dollar on our floor—giving to whom it just belongs.

As you doubtless know we have the largest and only brick warehouse in town and one of the best lighted houses to be found in the State, which means even more money to the man that places his tobacco under our roof. We have also made every necessary arrangement for the comfort and convenience of both you and your team while in Farmville, and trust you will start this year by selling your first load at the New Farmville Warehouse where the highest possible dollar awaits you and where no man ever had cause for regret.

Our market opens Tuesday, August 18th, and remember, our doors are thrown wide open to you and your neighbor always. Come and be with us on the opening date, and if you have any of your crop ready bring it on to us and we'll see to it that you return home satisfied with the result.

Your Old True Friend, J. Y. MONK.

Water-Melon Feast.

Mr. Herbert Smith gave a water melon feast Friday evening July 31, complimentary to his friends. Strictly at eight thirty the guests began to arrive. They were met at the front door by Miss Minnie Smith, where they were served with delicious ices by Miss Dora Downer and Herbert Smith. They were then ushered into the parlor, and after the merry party were seated games were begun which kept the party roaring with laughter. About eleven o'clock little Miss Nola and Delma Smith passed around the cards from which were found the partners for the night's fest; much merriment was caused from matching the cards. The couples then assembled on the back porch where they were delightfully served with luscious melon. Then some of the couples strolled out on the lawn while others were seated on the porch and parlor listening to the soft strains of the piano. When the clock was tolling midnight the guests began to leave, declaring Mr. Smith a most delightful host.

DON'T TAKE CALOMEL, HERE'S BETTER REMEDY

Taking calomel is mighty risky, and often times dangerous.

You ought to get along with out taking calomel yourself or giving it to your family, when you can get a remedy that takes its place. Dodson's Liver Tonic is an agreeable vegetable liquid that starts the liver to action just as surely as calomel does. But, unlike calomel, Dodson's Liver Tonic does not stimulate the liver too much. It gives relief gently. Calomel acts so strongly that it may leave you worse than you were at first, and calomel also sometimes causes salivation. Dodson's Liver Tonic works well and never harms.

A large bottle of Dodson's Liver Tonic is sold for fifty cents by J. M. Wheeler. It always has given perfect satisfaction that your money will be given back to you with a smile, if you buy a bottle and are not perfectly satisfied with it in every way.

A Big Sale of Dodson's Liver Tonic is now being made by J. M. Wheeler. It is an agreeable vegetable liquid that starts the liver to action just as surely as calomel does. But, unlike calomel, Dodson's Liver Tonic does not stimulate the liver too much. It gives relief gently. Calomel acts so strongly that it may leave you worse than you were at first, and calomel also sometimes causes salivation. Dodson's Liver Tonic works well and never harms.
