OPPORTUNITY OF A COMMUNITY.

The farming interests of this community cannot place too much emphasis upon the advisability and necessity of making every foot of ground productive to the highest degree.

With nearly the whole of Europe unproductive there will be a tremendous demand upon America for food-stuffs in the months to come, and this demand must be met or those people will starve.

This does not necessarily mean that America will be called upon to feed Europe gratis: Europe will pay in gold for what it gets from us, dollar for dollar.

A duty and an opportunity confronts us.

Duty demands that we produce to the limit, that the hungry across the water may be fed.

Opportunity knocks at our door, in that there will be a ready market at high prices for every ounce that we can sell. Even now the hand of Europe is outstretched across the water for American bread.

It is an opportunity for the building up of this agricultural community, for the enriching of our people, for an influx of foreign gold such as we have never known before.

For Europe must eat, and to eat Europe must buy the food-stuffs we have to sell.

Let every foot of ground produce something for the financial weal of this community.

THE CALL OF BLOOD.

The hour is at hand for all people in the United States to use extreme caution and great forbearance in discussing the conflict in Europe, lest a spark ignite the powder which is to blow our neutrality to the four winds.

The blood of every nation at war is mixed in our citizenship. America is made up of people from many lands. These people are good citizens, loyal to their adopted country, ready to defend it in case of need, but we cannot expect them to entirely forget the kindred ties of their nativity.

The blood of their forefathers is calling to each of them, and in the heat of argument or in the stress of strong emotion it is easy to say or do that which will wound some man whose sympathies are with another country—with the place he once called home—with the land that shelters the bones of his ancestors.

Let us use forbearance one to another. Let us concede to others that same right of sympathy which we ourselves enjoy. Let us remember that there is good among all people, honorable men of all races, justice in every land. Let us refrain from acrimonious debate, and turn our united energies to the preserving of our free country from the horrors of the conflagration which is devastating Europe.

Let's speak softly and say little.

Save Old Bones, Other Successes Won't Come.
The most famous remedy for rheumatism, sciatica, neuralgia, and all other forms of rheumatism, is **Dr. Williams' Pink Pills for Pale People**. It is the only medicine that will cure these ailments. It is sold in all drug stores.

Eat up! The department of agriculture reports that the United States is in no danger of a shortage in food supplies.

How To Give Quinine To Children.
The best way to give quinine to children is to use **Dr. Williams' Pink Pills for Pale People**. It is a pleasant-tasting medicine that will cure all forms of malaria and fever. It is sold in all drug stores.

The 55th Annual Report of the Home Life Insurance Company, of which Geo. E. Idle is President, shows that this institution is in a most prosperous condition. It reports an increase in the amount of new insurance issued during the year and a substantial gain in the total amount of insurance in force. The Assets show an increase of nearly \$1,500,000 and are now \$30,631,248.70. The amount paid in 1914 to living policyholders and their beneficiaries was \$3,100,507.42, and not the least interesting item in the statement is the amount of \$5,262,313 as loans to policyholders.

Incorporating to the Pale and Sickly.
The Old Standard strengthening tonic, **GROVE'S TASTELESS CHILL TONIC**, drives out Malaria, enriches the blood, builds up the system. A true Tonic. For adults and children. 50c.

A man without a mind is oft-times a wit unaware.

Sure thing, let's make it a year of plenty. We want ours.

WELCOME INFORMATION.

Most middle aged men and women are glad to learn that Foley Kidney Pills give relief from languidness, stiff and sore muscles and joints, puffiness under eyes, backache, bladder weakness and rheumatism. They get results! Contain no harmful drugs.—G. E. Moore, successor to S. M. Pollard.

Wheat is still flitting around somewhere below the \$2.00 mark.

The Quinine That Does Not Affect The Head because of its tonic and laxative effect. **LAXATIVE BROMO QUININE** is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of **Dr. W. GROVE**. 25c.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headaches so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try **Theodore's Black-Draught**, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking **Black-Draught** for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what **Black-Draught** has done for me."

Theodore's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

The "Home Life"

The fifty-fifth annual statement of the Home Life Insurance Company, of which George E. Idle is President, presents a record of substantial benefits to its policy-holders during the year and a solid growth in financial strength.

Assets increased to \$30,631,248.70 after paying to policy-holders \$3,110,507 including dividends of **\$571,024**

The insurance in force was increased by \$4,533,420 and is now **\$120,893,433**

VACANT

"Yes; I may say that I have my office under my hat."
"Yes, and I suppose you have a lot of dead room to rent in it, too."

WARNING TO VACATIONISTS.

The state commissioner of health calls typhoid "an inevitable accompaniment of the vacation season" and tells how and why the vacationist renders himself vulnerable to this dread disease. "There is a common but erroneous idea," says the commissioner, "that clear water is pure water. Many a stream which to all appearances is uncontaminated carries the germs of typhoid and dysentery." Whether he chooses a country hotel, a farmhouse or a summer camp the vacationist invariably prefers to be near a stream of water. Sometimes he drinks from such a stream without the slightest concern as to the purity of its source or as to the contamination to which it may be subjected along its course. Almost invariably he bathes in it. Bathing in polluted water has been found to be almost as dangerous as drinking.—Philadelphia Press.

WHY THEY CHECKED BULLDOG.

"Where's the bulldog?"
"In the baggage car."
"On account of his grip, I suppose."

BEYOND HOPE.

"Don't keep pestering me."
"Then you won't marry me?"
"I wouldn't even be engaged to you at a summer resort."

Beware of Ointments for Catarrh That Contain Mercury

Be careful with ointments for the cure of catarrh. Many ointments contain mercury, which is a poison. It enters the system when applied to the eye, and may be used even if the patient is not aware of it. It is a dangerous habit to use such ointments. The only safe ointment for the cure of catarrh is **Dr. Williams' Ointment**. It is sold in all drug stores.
