DELINQUENT TOWNS

Have Neglected Clean-Up Days.

The State Board of Health has its eyes on a number of towns and communities throughout the State that have not, up to the present time, held an annual clean-up week. Whether they intend to or not is not known. But it is known that if clean-up

This applies of course to the first fly crop which is more or less, an easy matter to prevent if begun in time, but as there are other crops to follow in rapid succession, about every ten days, no time can be lost in preventing a full harvest. The greater the delay in getting at it, the harder the fight will be.

It was with a feeling of pride, no doubt, that the Governor of North Carolina, in viewing the matter of clean-up week, deemed it unnecessary to issue a Clean-Up Week proclamation. Governors of other states have taken this means by way of suggesting to the people the importance of guarding against disease by promoting cleanly and sanitary home conditions. But there is no doubt but that North Carolina's Governor felt that the pride and the intelligence of North Carolina's citizens needed not this injunction to make them clean up their homes, neighborhoods and towns. He took this as matter of course. Whether or not the Governor placed too high an estimate on the people's
