#### EVER SALVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Dear Sir:  
Your letter of the 6th received. There is no provision in the automobile law for a person to run a car under a tag, "License Applied For." All cars should be supplied with hangers furnished by this office before being run upon the highways of the State.

Automobile licenses are issued from this office on the same day applications are received, so if a person buying a car, makes his application at once, he should not be inconvenienced to any extent.

With kindest regards and best wishes, I am

Sincerely,  
J. BRYAN GRIMES,  
Secretary of State.

#### LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone is a powerful solvent and is applied without indaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

# NUXATED IRON

Dr. Ferdinand Kling, a New York City Physician and Medical Author, says "There can be no stronger, vigorous, iron man nor beautiful, healthy, rosy-cheeked woman without iron—Nuxated Iron taken three times per day after meals will increase the strength and endurance of weak, nervous, run-down folks 100 per cent. in two weeks time in many instances." Avoid the old forms of medicine, which may injure the teeth, corrode the stomach, and thereby do more harm than good. Take only genuine iron-nuxated iron. It is dispensed in this city by all good druggists.
