NOTICE! :- NOTICE!

We Have Decided To Start No New Accounts!

...AND...

We also ask all old customers to settle bills made with us when due. Our expense in delivery and book work is given to those having goods charged, and we only want those who are willing and ready on same date to get the benefit of it.

All reasonable minded people know that if we do a straight business we cannot afford to take many chances, and as we claim not to figure on big profits or over charges, we feel that our customers should not neglect paying their account when due. We would like for all who don't want us to have a living profit to trade with the other fellow. We also want all who think we are not perfectly honest to pay cash for all they buy from us.

We wish to thank all of our good customers for their patronage, and we will give them the best bargains and service possible.

Raspberry & Thorne,

THE WOMAN WHO PAYS

By check, instead of in currency, escapes a lot of worry about money matters. She has an accurate record of where her money goes and a receipt for every penny she has paid out. Besides it's so much safer to have the cash in the bank than in the home. Our special department for women will be glad to give information.
