Buy a bond!

When in doubt about a debt, pay up.

Cleanness in thought is a boon to any man.

Excuses are the stuff that make men famous.

Money comes to those who seek it—sometimes.

The war, and everything else, will end—some time.

Many a man has been thrown by his best friend.

Don't worry about anything—wait until it happens.

Many a false rumor is started by an envious tongue.

Pretty soon we'll be three cents on all kinds.

If an invention will end the war, the United States ought to be able to get one.

Official Washington warns the American people not to be too optimistic over the recent U-boat figures.

The news from the western battle front points to a German weakness which we had not believed yet telling.

One good thing about the present war, anyway, has been that it dug up old Sherlock Holmes and made him unravel another mystery.

Negro troops are to be trained at the various camps of the country, and are to be consolidated into a division just before going to Europe.

For the first time since the war began in 1914, we are beginning to see the inevitable signs of Germany's defeat. The mighty military empire is betraying her weaknesses in a new fashion.

LIBERTY LOAN, SUNDAY OCT. 21.

The United States Government has designated, next Sunday, October 21st, as Liberty Loan Sunday.

The Liberty Loan Committee of the Pike County Unit of the Woman's Division of the Council of National Defence wants to ask, through your paper, that pastors of all denominations in Pitt county make an appeal to both men and women on that day to strengthen our forces by buying—each one—his share of these second Liberty Loan Bonds.

We beg that a special service of a patriotic nature be held, if possible, on that day, October 21st.

We ask also that the women be urged to have their bond purchases placed to the credit of the Pitt County Woman's Liberty Loan Committee.

Purchasers of bonds can be made at any bank in the county, where, on request of the purchaser, credit will be given to the Woman's Liberty Loan Committee.

CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

OUCH!!! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called Iroome when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.
He says Iroome dries immediately and never inflames or even irritates the surrounding skin. A small bottle of Iroome will cost very little at any drug store, but will positively remove every hard or soft corn or callus from your feet. Millions of American women will welcome this wonderful remedy with its guarantee of the high heels. If your druggist doesn't have Iroome tell him to order a small bottle for you.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 100% in Ten Days

In many instances—persons have suffered untold agony for years searching for a cure for weakness, nervousness, or biliousness or some other ailment when their real trouble was lack of iron in the blood—how to talk.

New York, N. Y.—In a recent discourse Dr. E. Sauer, a Boston physician who has studied widely both in this country and in great European medical institutions, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue, and therefore nothing you eat does you any good; your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One to look for; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dropsical kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your feeble vital powers for the moment, maybe at the expense of your life later on. No matter what ailment you suffer from, if you are not strong and well you owe it to yourself to make the following test: See

how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the time double, and even triple, their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all this wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron, like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of the new forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have some unbounded confidence in its potency that they undertake the responsibility that they cannot take any way to women under any circumstances and increase their strength 100 per cent. or give them double the strength in ten days. It is at least double your strength in ten days and it is depended in this city by all good druggists.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

Seventy years of successful use has made Theford's Black-Draught a standard, household remedy.
