

Bonds now.

Double the third Loan!

With victory almost in sight, President Wilson says the loan is vital. Borrow and buy!

Before long the Hohenzollerns will join the well-known society of Has Beens.

There are calamities and calamities but the influenza is about the worst that has come along.

The man who is proud that he is an American, should make America proud of him by buying Liberty Bonds.

The President's answer to Germany left no loophole for the long drawn-out discussion that has been feared:

Do not imagine that you are the only one who has troubles, for the man without them these days is hard to find.

The war is not won yet by a good deal and the government needs money to carry it on to victory. Are you doing your part in buying Liberty Bonds?

"Americans in the biggest fighting". This is the news from France. Seeing what our soldiers are doing, how can those of us who remain at home refuse to buy bonds to the limit?

When everybody is perhaps doing the very best he can, some consideration of the other fellow does a lot more good than complaining and finding fault.

IMPERATIVE NEED TO SAVE FOOD

To help feed our men abroad and our Allies, the American people must save 5,725,000 more tons of food this year than they saved last year. So says Herbert Hoover, the U. S. Food Administrator. He has issued a new appeal for food saving. The things it is most imperative to save are "the staples"; breadstuffs, meats, fats and sugar. Other things may be eaten more freely, but these must be used with great economy.

Mr. Hoover says that in spite of the greatly improved military situation in France the war must last at least another year and there must be no let-up in our energy. Plenty of food for our boys and our Allies will hasten our victory, and that will mean a saving of thousands of precious lives. Any one of us, by saving food this winter, may save a life.

LOW-DOWN GERMAN TRICK

One of the latest "orner" acts of the Germans is the placing of interned American prisoners in Stuttgart, Karlsruhe and Metz. All of these places are near the Allied lines and have been subject to frequent bombardment from the air. The Germans rightly reasoned that the Allies will be too humane to retaliate by placing German prisoners where they will be exposed to German fire.

U-BOAT AGAIN NEAR OUR SHORES

The American steam trawler Kingfisher has been torpedoed and sunk by a German submarine off the North Atlantic coast of the United States. This occurred 85 miles from shore, but the crew took to the boats and were able with favoring winds to row to land. The U-boat gave no warning and did not approach after firing the torpedo.

BULGARIAN TROOPS WILL FIGHT THE TURKS

London, Oct. 16.—The Porte has been advised that Bulgaria is expected to send troops against Turkey in an expedition planned by the entente allies, according to a dispatch to the exchange Telegraph Company from Amsterdam quoting advice from Constantinople the dispatch adds: "It is thought probable the Bulgarian minister to Turkey will be handed his passports within twenty-four hours."

No Women in a Healthy Child

All children should be born with a healthy body, which will insure a long and happy life. This is done by the mother's health and the care she takes during pregnancy.

A Soldier Facing Death For You

Somewhere in France today, at this very minute, there is a soldier looking straight into the face of death.

He is doing this for you.

By night and day, in storm, in rain, in cold and gloom, facing a hundred deaths he never hesitates a minute but does his duty without a thought of hesitation and without a thought of reward.

What are you doing for him today?

When you think of that man don't you want to do something to prove that you appreciate what he is doing for you?

Of course you do. Then act on your desire and buy Liberty Bonds which will help to safeguard him and to bring him back home.

After you have bought all you can tell your friends to do the same.
