

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved
After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of the. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

Seventy years of successful use has made Theodore's Black-Draught a standard household remedy. Every member of every family, at times, needs the help that Black-Draught can give in cleaning the system and relieving the troubles that come from constipation, indigestion, lax liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. If acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists.

DOES THE HORSE LIE DOWN?

is occasionally seen the state in which the horse, when he lies down, is that there are horses whose caretakers have never seen them resting in that way. We do not question because we have heard it from stable-men who have carefully observed them. But no one who knows anything about horses, and who has seen them stretched out of full length in pastures and in their stalls, and who has noticed the unmistakable evidence on the horses themselves in the morning of having lain down, will credit the assertion. Many a horse is doubtless too sensible to lie down on a rough, filthy, unbedded floor, but give him a comfortable well-bedded stall, and not only will he lie
