

LET W. S. S. BE YOUR CHAMPION

BANKS TO SAFEGUARD BONDS AND STAMPS

Are Ready to Protect Securities of Small Investors Free or For Nominal Charge.

In buying Liberty Bonds, Victory Bonds, Thrift and War Savings Stamps the people of the United States have done more than perform a patriotic duty—they have invested in the soundest securities in the world, sold obligations of the United States of America.

But the safeguarding of these securities has become a problem for many folk. Only a few persons, relatively, have either a safe in the house or office, or a safe-deposit box in the vaults of the bank. Far too many patriotic citizens are keeping bonds and stamps about the house, in the bureau drawer, under the mattress, or on the shelf. And even if the treasure is thus hidden from thieves, there is the ever present danger of fire, and the loss of the money invested.

There may be no further call for the people at large to subscribe to huge bond issues, but the government needs the daily and weekly sums which come in from the sale of Thrift and War Savings Stamps for taxes must be kept down. The danger of loss has deterred some people from getting as many stamps as they might otherwise buy. Hence the problem will be a future question as well as a present one.

Steps have been taken, however, to meet this situation. First, every bond or stamp certificate may be registered with the Treasury Department. Registration means that the owner's name and the number of his security have been "registered" by the government, and that nobody but himself can possibly get the money which the bond or stamp certificate calls for. Certificates may be registered through the nearest postoffice, bonds through the nearest bank.

And the second method for safeguarding has been provided by the banks themselves. Every bank—national bank or savings bank—and every trust company has, of course, simple and secure vaults. For the man who does not feel that he can afford to rent a safe deposit box to keep Liberty Bonds and War Savings Stamps in, many of the banks and trust companies have announced their willingness to keep these securities for him in their own vaults.

SUCCESSFUL DOLLARS ARE THOSE WORKING

Invested in War Savings Stamps They Never Fail to Yield You Handsome Profits.

It is the dollar that goes to work that is the successful dollar. The idle dollar is a failure. The successful dollar brings back another dollar with it. It makes itself a dollar and something—two dollars and something—a whole family of dollars.

But the careless dollar goes to nowhere and is never seen again. A Texas man the other day lost a five-dollar bill. He had a pocketful of five-dollar bills. He had not bought his dollars to keep good company.

Many years ago a man to whom a hundred dollars had been bequeathed hid it all in a bag. He got no interest—he did not even keep it in a bank.

The dollar that succeeds is anti-gravity. It is a dollar that works. It is a dollar that saves your dollars. They get them to work at compound interest. And they never fail. Your government guarantees every one of them.

A man who saves, thinking he is not, is not saving at all. Any War Savings Stamp you buy is a dollar that works for you. It is a dollar that saves your dollars. It is a dollar that works for you. It is a dollar that saves your dollars.

WAR SAVINGS STAMPS MADE HOME POSSIBLE

Man Who Suddenly Found Himself Without Roof Over Head Was Able to Buy Property.

This true story tells how War Savings Stamps built a sure protection around one Washington war worker and his family.

Early in the war savings campaign he began a small systematic investment in Thrift Stamps, which ultimately grew until he had an investment of \$100. He says he acquired his stamps without depriving himself or family. The investment "just grew" out of incidental savings.

Presently this incidental money became scarce. The war worker and his family felt the burden of the wartime high cost of living, and the anxiety and expense of extraordinary illness of the two children. Then another blow fell. He awoke one morning to find that he had no place to live.

His residence had been sold and he and his family were asked to vacate. He could find no houses for rent within his means, and was confronted with the necessity of leaving the city or buying a home for his family. He could not buy without making a substantial initial payment, and ready funds were seemingly beyond reach.

Then he thought of his War Savings Stamps. He remembered they were redeemable on ten days notice, with accrued interest. With the proceeds of these stamps and such small sums as he could gather he made first payment on a new home in the suburbs.

Recently he refused to sell it for \$1,200 more than the purchase price. This man is a War Savings Stamp enthusiast—and he is on the straight road to financial independence.

Start your mind going along saving lines and then watch it travel. Buy W. S. S. regularly.

Pull together to produce more, to eliminate waste, to save and to invest in W. S. S.

Keep your money at work for you. Re-invest your Liberty Bond interests in W. S. S.

REMEMBER THE ANT

Save and have! Remember the story of the ant and the grasshopper? The ant worked and saved. The end of each day found him with a little more added to what he had the day before. The grasshopper danced and sang and filled his time away. Winter came; the ant had plenty. The grasshopper had nothing; he had not saved. He went to the ant and asked for help. Said the ant: "While I worked, you fooled your time away. You can dance now for all I care."

Are you an ant or a grasshopper? Some fine men are going to have to ask for help and will someone tell you to dance or tell you to be independent? If you save now, you'll have to ask. Lay the end of every week and then think. Strive on your card. At the end of every month be able to show more War Savings Stamps tucked in your stockings. Lay your money to the government in a safe and sound, unimpaired security, and see a plan.

Take stock of yourself! What are you worth? Will next New Year's Day you be worth more or less? What will you be in 10 or 20 years?

Report of the Condition of the BANK OF FARMVILLE

at Farmville, N. C., at the close of business June 30th, 1919.
