

SAYS CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose of This Treacherous Drug May Start Trouble.

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. If it crashes into your blood like dynamite cramping and staggering you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headache, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few pills which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than using calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic strengthens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not irritate.—Advertisement.

CATS FOLLOW FISH DEALER

Animals at Sheephead Bay Regularly Take the Trail of the Peddler of Sea Food.

Like the pied piper, the Sheephead Bay fish dealer has a following of cats who he pushes his cart through the residential section on Friday morning says the New York Sun. The cats for blocks away hear his shrill cry of "fresh fish" or perhaps smell his cargo and come slily through the streets for a chance at a delectable bit of sea food.

When the fishman gets a customer he cleans and scales the fish on the ground. This is the chance for the neighborhood cats. Their part of the feast consists of the discarded heads and tails of fluke and sea bass.

Obtaining a prized portion, most of the cats break for home to enjoy the repast, while others not so fortunate hang on the peddler's heels and follow him about until he finally makes a sale and permits them to profit on his loss.
