

Meeting of Parent Teachers.

The executive committee of the Parent Teachers association met at the school building Wednesday afternoon.

February the third was decided upon for the date of the local talent play "Microbe of Love." The coach for this will be here in a few days.

The D'Esta Rhodes entertainers will give a series of entertainments in the school auditorium next Monday, Tuesday and Wednesday evenings. One of the aims of the association for this year is the equipment of the stage and a per cent of the proceeds will go for that purpose. A good attendance for these attractions is urged.

A campaign for membership is to begin at once and is earnestly desired that the people of Farmville will give their hearty support.

The regular meeting of the association will be held Monday afternoon at three o'clock instead of Friday; the change is due to the meeting at the Baptist church. A large attendance is desired as the prize will be here, and will be given to the grade having the largest percentage of parents present.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That If More Women Knew About Cardui They Would Be Spared Much Sorrow and Worry.

Norfolk, Texas.—Mrs. W. M. Peck, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health.

"Health is the greatest thing in the world, and when you lose it you are slipping away from you, you certainly do not know it. That is what I felt some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lousy I could hardly get at all.

"I was just so anxious for work, I would get a bucket of water and would not stop until I would have to get a new bucket. I had the second lot of it to the condition of course, it is the best I have ever had. I have since my recovery with a few more bottles of Cardui. I have since my recovery with a few more bottles of Cardui. I have since my recovery with a few more bottles of Cardui.

I couldn't rest well at night and was just lousy.

"I heard of Cardui and after reading I decided I had come to a point where I was pulling me down. I sent for Cardui and began to use it.

"In a very short while after I began the Cardui Home Treatment I saw an improvement and I wasn't long until I was all right—good appetite, splendid sleep, and much strength. In fact I feel like a new woman.

"After I got a bottle of Cardui as a tonic, I can recommend Cardui as a tonic to all of us. It is more than a tonic, it would save a great deal of worry and distress.

The usefulness of Cardui to thousands of other women is the best proof of its worth. It is a wonderful, safe, and reliable tonic.

Benjamin Franklin Helped Ring the Liberty Bell!

BENJAMIN FRANKLIN was one of the signers of the Declaration of Independence, the completing of which was proclaimed throughout the land by the ringing of the Old Liberty Bell. Franklin was wise and far-sighted; he realized what the signing of this famous document meant to his country.

And Franklin was wise in many ways; his maxims could well be followed by us all, and especially this one on Thrift: "Save, young man, and become respectable and respected. It is the surest way. Keep adding little to little, and soon there will be a great heap."

The Liberty Bell Bank this institution is giving without charge with every new savings account, will assist your boy or girl to add "little to little" and eventually acquire a "great heap".
