

R. L. DAVIS & BROS.

Griffon Brand Clothes for Easter.

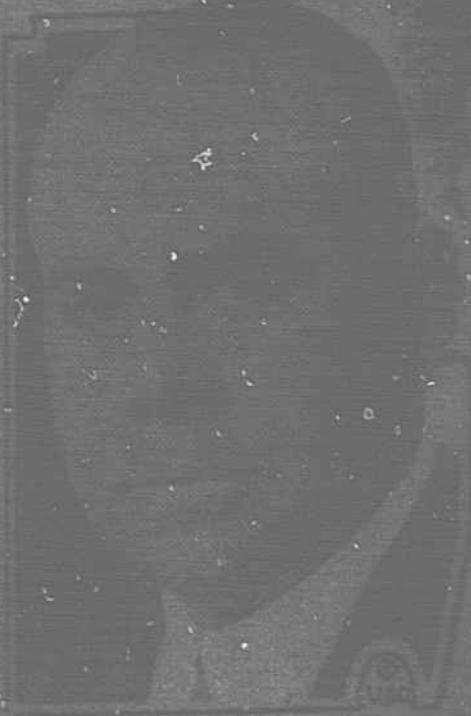

and that tells it all. The best styles, tailored into clothes by master hands.

Be spick and span for the Easter Promenade.

Crossed Shoes for Men and Women

WANT ROAD BUILDING TO COST LESS

Thomas H. MacDonald, chief of the Bureau of Public Roads, wants to cut down the cost of road building throughout the United States. He called highway officials of many states to Washington and asked for suggestions. He would award plants to furnish materials to all states at greatly reduced costs.

Why the 10% USCO is better than just a 10% tire

On November 10, 1921, the 10 x 3 1/2 "10co" was marked to sell for \$10.50.

This added cost figured price was the lowest quotation ever made on any tire of known standard.

A genuine pioneering step by the makers of U. S. Tires.

Now comes a lot of different \$10.90 tires being pushed into the market. "Special" tires. "New" tires.

Unfamiliar to look at—with perhaps an atmosphere of having been made to meet the price.

But the "10co" still occupies a place by itself. A good old

standby on millions of cars for years. Better than it ever was.

Still putting the emphasis on honest quality, even if it does sell for only ten dollars and ninety cents.

The \$10.90 tire with the record of a proven product.

The tire that people still buy for the dignity of its quality regardless of the low amount they pay.
