NEAR EAST RELIEF CAMPAIGN BEGINS

A call for 100,000 more signatures to save the lives of 100,000 children of Armenian descent...

Christian-hearted North Carolinians will be given opportunity to help these intermentals in the Near East...

There are many appeals for money from various organizations but for those who know the tragedy of Christianity there is none so compelling as that of the Near East Relief...

Josephus Daniels is honorary state chairman for North Carolina and Spi. George H. Bellamy is state chairman. Colonel Bellamy has been busy for two months organizing the state and had about 75 committees ready for work Sunday...

Many of these children are victims of the Great War when their fathers were killed in defense of the great chain of fields. In this sense 100,000 of the 400,000 troops American sent into the war were killed...

On the way had been the "Columbus" Colonel Bellamy declared "there are many North Carolinians who have been long in the woods since the outbreak of these heroes starve and freeze to death."

Some of these children were made helpless by the Turkish deportations into Armenia in the name of the "meditation" when their parents were murdered because they refused to renounce Christ and become Mohammedans.

The Near East Relief is endorsed by Congress and the Senate. It is the only organization in the world that is authorized to receive money from the United States Government...

Mr. Bellamy declared "it is our duty to North Carolina to support the drive so that the children can be saved at this critical moment."

Every Mrs. Bellamy gives the life of a child for the children of the world. Children can be saved and that from prolonged imprisonment of their parents and their own death...

THE BRIDE TO BE

Deep in her heart every girl wants a real man for a mate. But no real man wants a girl who has not learned the value of money.

He will not hesitate, however, to entrust his money to one who has handled her own savings well.

If you learn how to save for the future, you will have a better future.
