

HARRISON DENIES G. O. P. ECONOMY IN HEATED SPEECH

Attacks Speech of Senator McCormick and Plays Other Allegations of Party

Washington, June 27.—The recent statement of Senator McCormick, of Illinois, chairman of the Republican Senatorial campaign committee, presenting administration claims of economy, was attacked in the Senate today by Senator Harrison, Democrat, Mississippi, and defended by Senator McCormick.

The Mississippi Senator said Senator McCormick had his "facts all wrong" and "ought to make an apology to the Senate and to the country." Senator McCormick retorted that Senator Harrison had presented only part of his statement and that he "had nothing to qualify" in his original statement.

Senator Harrison particularly criticized statements of Senator McCormick comparing appropriation estimates of the Democratic and Republican administration, claims that the Republicans had paid off \$1,000,000,000 of national debts and the claim to a reduction of taxes. Senator Harrison said a Republican newspaper had attributed to Senator McCormick that the Harding administration had "saved" \$7,000,000,000 as compared with Democratic appropriation estimates. The latter, Senator Harrison explained, were made during the war, were reduced voluntarily by department heads when the war ended unexpectedly and yet, Senator Harrison asserted, the reductions were claimed as "Republican savings."

Presbyterian Services for Sunday, July 2nd.

Rev. Chas. A. Lawrence, Pastor
Farmville Church
The Home-Like Church.

9:45 a. m.—Sabbath School.
Join our Auto Race. Best over 11:00 a. m.—Services by Pastor.
7:00 p. m.—Echo Meeting of Christian Endeavor. You'll like it.

A cordial welcome is received by all at our Church.

Rural Sabbath Schools.
3:00 p. m.—King's X Roads.
3:00 p. m.—Carraway's School House.

3:30 p. m.—Lang's X Roads.
Last Sunday Carraway had 78, while Lang's had the wonderful attendance of 111—one of the largest County Schools in Eastern Carolina. Visit one.

Church Publicity Com.

Card of Thanks.

We take this method of expressing our sincere appreciation for the many kind and thoughtful acts of sympathy and helping hands during the recent illness, death and burial of our beloved husband and father. May the God who is good to all liberally reward each of you.

Mrs. C. L. Barrett
and children.

BUY.

A Few Worth While Hints

We do not use electricity, X-Rays, drugs or anything else to treat the symptoms, but depend entirely upon adjusting the wrong which produces the effect.

Diagnosis is another word for guesswork. In its place the Chiropractor readily traces tender, sensitive nerves from the affected part to the subluxation (out of place) vertebrae (small bones of the spine), and vice versa. Isn't this logical?

It is a good thing to get out of a rut, but it is a far better thing never to get in. In other words, it is good to get out well, but it is better never to get sick. See your Chiropractor for your health needs.

All headaches that are caused by nerve pressure, and the majority are so caused, almost instantaneously disappear when the nerve pressure is relieved by Chiropractic-Veterebral Adjustments. See your Chiropractor if you are troubled with headaches.

Do you sleep well? If you do not the chances are that you are suffering from some pressure upon the nerves. Let a Chiropractor relieve this pressure and you will again know what a restful night's sleep means. Why wait when consultation is without charge?

IN THE MIDST OF SECOND BREAK-DOWN

"When I turned to Chiropractic I was in the midst of my second nervous break-down. I was much reduced in flesh, despondent and my digestion was very bad. Under the Chiropractic spinal adjustments, Nature began to restore order. Today I am feeling fine and heavier than ever before. I have great faith in Chiropractic."

REV. OMER PORTER,
Chiropractic Research
Bureau Statement No. 1272.H.

ROSE COLD, HAY FEVER; CAUSE REMOVED

"Being the victim of rose cold and hay fever for many years, and having tried many different treatments with no result, in fact the trouble seemed to get worse, I was skeptical when I tried Chiropractic, but on my oath I testify that I was entirely relieved."

G. J. WHITE,

Sworn to before E. B. Jones,
Chiropractic Research
Bureau Statement No. 1275-H.

FIVE YEARS OF SUFFERING ENDS

"For five years I had trouble which medical physicians diagnosed as amyloid liver and pancreatic trouble without giving me any benefit. I had practically given up hope when I tried Chiropractic spinal adjustments. I can truthfully say that today I am fully restored to health. I want the facts to be published."

FRANK L. HEATH,
Chiropractic Research
Bureau Statement No. 1303-S.

Look at the chart below for your disease and its cause.

1. Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, insomnia, dry neck, facial paralysis, locomotor ataxia, etc.
2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, neuralgic, nervous prostration, jaundice, dizziness, bleeding from nose, disorder of gums, cataract, etc.
3. The arrow head marked No. 3 locates the part of the spine where subluxations will cause so-called bronchitis, larynx, pain between the shoulder blades, inflammation of the arms and shoulders, hay fever, writer's cramp, etc.
4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine. Sometimes so light as to remain unnoticed by others except the trained Chiropractor.
6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hicough, worms, etc.
7. Bright's disease, diabetes, floating kidney, skin disease, hells, eruptions and other diseases, so-called, are caused by nerves being pinched at the spinal opening at this point.
8. Regulations of such troubles as so-called appendicitis, peritonitis, lamboag, etc. follow Chiropractic adjustments at this point.
9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?
10. A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "lumbago" of pelvis and lower extremities.

It might be well to try auto-suggestion instead of so much auto-intoxication. The latter is poisonous stuff if you get much of it. Auto-intoxication will not bother you if Chiropractic is given a chance.

The only one qualified to adjust your spine and relieve the nerve pressure, which is possibly the cause of your disease, is a competent Chiropractor. You have the pioneer Chiropractor of Pitt county located in Greenville and Farmville. It will pay you to consult him.

As long as the world has been in existence everybody has sought health. Many remedies for hundreds of years have been positively injurious, others harmless and some few of benefit, but is it not better to adjust the cause? This is what the Chiropractor does.

The Drugless Health Science of Chiropractic is attracting universal attention. Why? Because, through taking adjustments, hundreds of thousands of sick people have been made well. Try it for yourself, relatives and friends.

The human body is a living machine, and if any of its parts are not in working order they should be repaired—not taken out. The Chiropractor puts your nerves in fit condition for Nature to do her work. See him.
