EASTER

Easter comes at a glad season of
the year. The festival itself, is
both commemorative of the resurrec-
tion of Jesus Christ and as a mem-
orial to the atonement wrought by
the death of the Master upon the
cross.

It is hailed with great acclaim in
all the Christian churches of the
world. In Greek and Latin and in
the languages derived from them,
Easter was known as "Pascha,"
"Pasch," "Pasqua," "Pasques," etc.,
from the Chaldee word, "Pascha,"
the equivalent of the Hebrew "Pe-
sach." The "Destroying Angel's act
is recalled by the last name in "pas-
sing over" the households of the He-
brews when he smote the Egyptians,
as disclosed in the twelfth chapter
of Exodus.

This year Easter will fall on April
17. The way by which Easter is de-
termined is that of the first Sunday
after the paschal full moon—the
fourteenth day of the calendar moon,
or the full moon which happens upon
or next after March 21; and if the
full moon happens on a Sunday, then
Easter day is the first Sunday fol-
lowing.

As usual Farmville churches will
observe Easter with elaborate pro-
grams. It is an event that the child-
ren and the grown-ups have learned
to look forward to with much pleas-
urable anticipation; it is an event all
should remember with some beauti-
ful thought for the day.

Sometimes a floating indebtedness
gets heavy enough to sink.

Some men who stand on their dig-
nity give evidence of not having much
else to stand on.

Many a man falls into debt, but
the process of getting out is usually
one of crawling.

GARDEN TIME

Poets and philosophers tell of the
satisfaction obtained from cultivation
of flower and vegetable gardens, but
the practice is not as general as could
be wished. In many places there is
much less gardening than there was
some years ago. People have too
many things they want to do with
their spare time.

In many cities and towns, however,
the garden movement has been push-
ed as a community proposition. Peo-
ple have been urged, in a systematic
way, to decorate their grounds with
handsome shrubbery and flowers, and
some of these communities have de-
veloped an amazing amount of this
beautification.

Such towns become noted, and every
minute of time put in on those flower
beds is no doubt paid for in the high-
er value of real estate that is es-
tablished in such a town.

Home pride is the motive that can
best be relied upon to promote the
gardening movement. People will
usually do what their neighbors do.
If you persuade one or two influential
families on a street to spend a little
more time and money beautifying
their places this season, the majority
of their neighbors would, within a
year or two, fall into line and do the
same thing.

As respects vegetables, the advan-
tage of the back yard garden ought
to be obvious in these times of high
prices. The children of the modern
community do not have enough share
in the home tasks, and it would do
them good to have some regular lab-
ors in a garden and they could well
do a good deal of its work. But the
old folk cannot expect them thus to
labor unless they also are willing to
do some stunts with the spade and
hoe.

Announcement

To The Tax payers of Pitt County:

Under recent notices that have been carried in the local papers in Pitt County as to advertising land for 1926 tax April 5th, was called off by me under the ruling of Attorney General Brummitt, of Raleigh. That under the new act of the last Legislature, changed time for advertising real estate for taxes May the first instead of April 1st.

This matter was not known to me until just a short time before the list of delinquent taxpayers of Pitt County, and not selling land for tax as notice was given.

I feel sure that the above mentioned notice of land sales have worked an undue hardship on some of our taxpayers of Pitt County, and not selling land for tax as notice was given.

I feel that I am due the people of my county an explanation the reason for not making this sale the first of May. I am sure the Commissioners were unaware of this change of law, as I asked for thirty days extension and it was refused, and if they had known such a law at this time they would have informed me of the fact.

I further want to thank the people for the way and effort they have made in the last few weeks of paying tax, and I hope you will co-operate in helping me to diminish our land sales smaller than ever before.

With my very best wishes,

S. A. WHITEHURST
Sheriff Pitt County.
