Open War Against Cheaters. Agitation against a number of soft-drink dealers in a certain large city reached a new pitch of excitement this week when it was discovered that many children asking for Orange-Crush were being handed cheapened substitutes made from imitation extracts. Mothers are being warned to inspect their children to insist on the Krinkly Bottle and thus insure a pure and wholesome beverage containing real orange juice and getting the flavor entirely from oranges. The value of Orange-Crush as a refreshing and delicious drink for children is apparent from a mere recital of the ingredients: the juice of luscious oranges is added the delicate flavor of their peel, the useful tang of the fruit acid found in oranges, lemons and limes, a pure food color such as is used in cakes and candies, healthful carbonated water, pure cane sugar. Nothing else. The cooperation of all the better merchants has been enlisted in an effort to put a stop to this flagrant imposition upon little children. All cases of attempted substitution in this community should be at once reported to the local bottlers of Orange-Crush. Drink Delicious Orange-CRUSH. Quick now—answer us this: Who was the THIRD man to make a non-stop flight across the Atlantic? Answer though so. Don't know. Such is fame. Well, it was Lindbergh. Aleck and Brown were the first two.

The Promise in the New Wealth of the Harvest. As the harvest brings its return to the nation's farmers, conditions for a big and important part of our population are improving. And the farmer's efforts, at the same time they benefit him, add directly to the prosperity of every person in the land. With the harvest comes a new obligation, also. As the gifts of nature make fruitful the farmer's work—the need for wise handling of our wealth, that every dollar may produce full value, is driven home. This national need is a personal need, too—isn't it? This institution invites you to see its facilities. Bank of FARMVILLE. SERVICE SAFETY.

Let's Go To Church

THE CHURCH: ITS PROBLEMS. The Church has many problems to-day. Many issues to meet, and conditions to cope with. Here are a few of its problems: 1. How to present the Gospel in such a way as to be more interesting than the temptations presented by the world. The world and its ways have a strong hold on the church to-day. 2. How to conserve of those who have. How to build them up. How to strengthen them in the faith. How to stop the leakage. Can we get the church members to be more conscientious? 3. How to hold the Sunday School and other church organizations for church services. Consider this question: Are our Sunday Schools and other church organizations training our young people to stay in our churches? 4. How to finance our churches. This should be done in a Christian business-like way. Some of you good Christian laymen line up and help us solve it. 5. How to get the church to see its mission.

BAPTIST CHURCH. Rev. J. M. Duncan, Pastor. Sunday School 9:45 A. M. There will not be any preaching morning or evening as the pastor is Union services at 8 o'clock on the out of town. During July and August there will be Union Services every Sunday evening at 8 o'clock in front of the Methodist church. It is hoped by all the pastors of Farmville that these services may be well attended.

CHRISTIAN CHURCH. Rev. H. S. Sandy, Pastor. Sunday School at 9:45 am, James City, Va. Every one should make it a point to be present at Sunday School to avoid the summer slump.

EPISCOPAL SERVICE. Rev. H. G. England, Rector. Fifth Sunday after Trinity. Church School, 9:45. Morning Prayer, 11 a. m. During July and August there will be Union Services every Sunday evening at 8 o'clock in front of the Methodist church. It is hoped by all the pastors of Farmville that these services may be well attended.
