

Still Destroyed By ABC Officers

Greenville, April 24.—Pitt county BC officers located and destroyed an illicit whiskey still yesterday about three and one-half miles from Black Jack in Chicod township, it was reported.

It was stated by the officers that the still was a new "outfit", and was believed to have "run" for the first time last Sunday, although it was not in operation at the time the officers arrived on the scene.

A 50-gallon steel drum, two 50-gallon wooden cookers, a 50-gallon condenser, one copper condensing coil, a 10-gallon doubler, and 100 gallons of beer were found on the site. Arrests were made by the officers in connection with the incident.

FOUNTAIN NEWS (By MRS. M. D. YELVERTON)

J. R. OWENS ON U. N. C. HONOR ROLL

J. R. Owens, an honor roll student of long standing, was one of 83 students at U. N. C., who achieved the first scholastic honor roll for the last quarter, with an average of 95-100.

PERLEY-REDICK

Mr. and Mrs. J. W. Redick announce the marriage of their daughter, Julia Ward to Robert L. Perley on Monday, April 22, 1940, at Emporia, Virginia.

The marriage of Miss Julia Ward Redick and Robert L. Perley, of Omaha, Nebraska, was solemnized in a private ceremony on Monday, April 22, 1940, at Emporia, Va. They were attended by Miss Dorothy Smith and E. F. Brooks.

WILLIAM RONALD JOHNSON DIES

William Ronald Johnson, 5-months old son of Mr. and Mrs. Claude Johnson, died Saturday, April 20th, in Tarboro Hospital following a short illness. Funeral services were conducted at the home Sunday afternoon by the Rev. Wilson, pastor of a Methodist Church. Interment followed in Fountain cemetery. He is survived by his parents, a twin brother, Robert Donald, and two sisters, Earline and Elizabeth Johnson.

HOSTESS TO BRIDGE CLUB

Mrs. G. W. Lane was hostess to her bridge club Tuesday afternoon. Mrs. E. B. Beasley received the high score award for the club, and Mrs. Earl Trevathan made high score for the guests. Mrs. Ernest Hunt received the consolation gift.

HANDICRAFTS

Four-H Club boys of Sampson county are being taught to make such useful articles as awls, terracing drains, tables, filing boxes, book cases, book ends, workshop benches, and roof casings.

4-H Club Organizations Offer Training for Farm Boys

A real record of service to the South has been set by the 4H Clubs in recent years. Typical of the work done by them are the activities shown in the motion picture "The New South," now being released in Southern states by the distributors of Arcadian Nitrate.

The 4H Clubs were organized to help rural girls and boys do something worth-while in homemaking and agriculture, and to develop into wholesome, worthy men and women. The four H's in the club insignia are: "My Head to clearer thinking; my Heart to greater loyalty; my Hands to larger service; my Health to better living for my Club, my Community and my Country."

The 4H Clubs are a part of the nation's agricultural extension service, promoted by the United States Department of Agriculture, county governments, and rural people.

For the girls, homemaking activity includes garden work, canning garden surplus, preparing healthful meals, and home economy. Agricultural work takes in the growing of an acre of cotton, corn or other product under supervision of the local leader, marketing, and breeding, and care of livestock.

Other work includes the development of local leadership, attendance at the 4H Club Camp in Washington, recreation in the form of hikes, nature study, and music and art appreciation.

Experienced Legislators To Make Up 1941 Senate

Raleigh, April 25.—The 1941 Senate will have no more than one-third repeaters from the 1939 session, but it will be a body composed of experienced legislators just the same.

A summary of candidates for the 50 seats shows that only 16 members of the 1939 Senate are again candidates, but in addition there are seven 1937 Senators, six 1939 House members, three 1935 House members and one 1933 Senate member, running for nomination.

Only five of the 1939 incumbent are unopposed for renomination, but the other sitting members are generally regarded as favorites to win out this year.

The favored five who don't have to worry about the May primaries are W. G. (Cousin Willie) Clark, of Edgecombe, who has been a Senator for years and years; Dr. T. W. Long, of Halifax, who recently effected a peace pact with his inveterate political rival, Julian Allsbrook; Willie Lee Lumpkin, energetic liberal from Franklin who can lose in Raleigh, but never in Franklin; Joe Blythe, of Mecklenburg, whose prowess as a vote-getter scared off all rivals; and Gordon Gray, Forsyth publisher and financier who impressed as a freshman last term.

There probably isn't any intended opposition to Brad Fearing of Dare or John D. Larkins, Jr., of Jones, but both are in multi-county districts which elect two Senators and where voting is general and not confined to one county—as it is in many other cases.

1937 members who couldn't run in 1939 because of agreements but who will be unopposed this time are Archie Gay of Northampton, Roy Rowe of Pender, Jeff Johnston of Sampson.

Other unopposed candidates include Van S. Watson, Nash; Horace E. Stacy, Robeson; F. D. Long, Person; J. L. Wilson, Davidson; R. Gregg Cherry, Gaston; Wade Matheny, Rutherford; Harry Miller, Alexander; J. Henry Hill, Catawba; Otto Alexander, Transylvania and Ed Whitaker, Swain.

NEUTRALITY

Warm Spring, Ga., April 25.—President Roosevelt proclaimed today a state of war existed between Germany and Norway and the neutrality

of the United States in the conflict. Another proclamation barred submarines of the belligerents from American ports and territorial waters.

In an executive order, Mr. Roosevelt prescribed regulations governing enforcement of United States neutrality in the battling between Germany and Norway.

One result of the issuance of the proclamations and order was to apply the cash and carry plan to Norway, who now will be able to obtain war supplies in this country only by paying cash and transporting them in non-American vessels.

No mention was made of Denmark by White House officials and there were no indications whether similar proclamations would be issued in the case of that nation.

Urges Support Of Pre-School Clinics

The pre-school clinics for the Greenville city schools will be held next week as follows: Third Street school, Monday morning, April 29, at 9 o'clock; West Greenville school, on Monday morning, April 29, at 10:30; Training school, Tuesday morning, April 30, at 9 o'clock.

The school officials of the city earnestly request the parents of all children who will begin school next year to take these beginners to the clinics designated in order that the health department may examine them for school entrance.

In addition to the examinations being given by the health department, this clinic is considered worth a great deal to the school program in that it gives the school authorities an accurate estimate of the number of pupils to be entered in the various buildings in the coming year.

The German language is spoken by a majority of the people in 16 of the 22 cantons in Switzerland.

We Need the Money

MOTION PICTURE STRESSES IMPORTANCE OF BUYING FROM HOME FOLKS

The importance of buying from home folks is stressed in the new motion picture "The New South," now being shown throughout the Southern states by the distributors of Arcadian Nitrate. The picture demonstrates vividly how the dollars spent at home do their work of bringing prosperity to the South over and over again.

"The New South" represents months of work by a production crew of experts who, after extensive research, toured the Southern states. All scenes in the picture were filmed on the actual locations depicted; there were no paid actors among the cast of 500; and every bit of action was unscripted and was staged.

The theme of the picture is expressed by this quotation from its script: "They opened up a wilderness, hill and tumbledown, and every kind of soil—sandy loams and clay loams, soils of many colors—yellow, red and black. Every kind of land for any kind of crop, and no frost half the year. A young land and a great people, hardy, resourceful and proud—and they built an em-

MAD DOG — THIS MAY HAPPEN HERE!

Local police have carried on an intensive campaign of "Warning to Dog Owners" here for the past several weeks in an earnest effort to prevent a mad dog rampage this spring and summer. Dog owners have been advised of the grave danger to children and adults as well, as the result of letting their dogs run out and have been cited to town ordinance in this regard.

Chief Luena stated today that a rigid enforcement of the law is necessary to prevent a similar scene to that above from occurring on the streets of Farmville, and requests that citizens cooperate with the department in confining dogs as a precautionary measure.

The United States has a great naval expansion program underway—on paper. Neutral nations, adjacent to Germany, realize that it is no phoney war. The country's improving; nobody pulled an April Fool joke on us this year.

House Over-Rides President's Veto

Washington, April 25.—The House voted today to over-ride President Roosevelt's veto of a bill to grant an estimated \$7,000,000 to some 15,000 officers and men who were held in Philippine Island service after the Spanish-American war had ended.

The roll call vote on over-riding the veto was announced by Acting Speaker Rayburn at 274 for and 82 against.

A two-thirds majority of those voting was required to pass the measure over the President's objection. In disapproving the measure, similar to two others he previously vetoed, the President said it would constitute an inadvisable "gratuity" since those affected already had received just compensation.
