A COLD DAY IN JUNE

There are any number of persons in Pitt county who have promised to do certain things on the first "cold day in June."

We call attention to this because the way the weather is behaving in 1940 it looks like we will have a cold day in June.

YOUR FELLOW MEN

The "Other fellow" will probably prove to be a fairly "pleasant cuss" when you get to know him better.

Consequently, if you have a yen for improving human being, it might be a good idea to start the work by understanding your fellow men. The more you learn about the average man the higher is your opinion of the human race.

NATIONAL MARITIME DAY

President Roosevelt has proclaimed May 22nd as National Maritime Day to commemorate the first trip across the ocean by a ship propelled by steam. It was on May 22, 1819, that the Savannah steamed out of Savannah, Georgia, on its epoch-making voyage.

The idea of the President is that the people of the United States should recognize the courage, vision and achievements of American ships and men. It is to be hoped that some landlubbers will take time off and seek to understand the vital importance of an adequate merchant marine.

There are citizens of this country who have no idea that they are affected by the merchant ships of the United States. They do not realize that their every day life is intertwined with the shipment of goods and products in ocean-going vessels. It is time that our people, as a nation, learn this fact.

NOTE OF APPRECIATION

We deeply appreciate every word and act of sympathy extended us by our friends during our bereavement.

BILL MORTON.**

HOGS

Marketings of hogs will reach seasonal peaks this month and next, then decline until the new spring crop begins to go to slaughter next September or October.

GONE, FOUND, GONE, FOUND

Beaumont, Tex.—Forced to turn his automobile over to two hitchhikers, O. M. McMillen, of Port Arthur, found the car abandoned, later, on the highway. The keys were missing. After walking to Beaumont for aid, he returned to find the car gone again. Thieves abandoned it a second time in Beaumont.

BABY TRAVELS ALONE

Chicago—Little Johnny Hallinan, 17 months old, was forced to make a train trip from Kansas City to Chicago alone when his mother, Mrs. Hallinan, missed a Santa Fe train. A railroad nurse cared for the baby until his mother arrived an hour later.

POWDER EXPLODES

Penna Grove, N. J.—This south Jersey town was thoroughly shaken but unharmed, when two tons of rifle powder exploded at four o'clock in the morning in a building of the Du Pont de Nemours Company near here. The cause of the explosion was undetermined.

Bonnie's Place Greatly Improved

Among the recent improvements to many business houses in Farmville is the renovating and repainting to Bonnie's Place on Wilson street.

Bonnie caters to the eating public, and elsewhere in this issue he invites you to visit his place in the tobacco warehouse section and enjoy his delicious Brunswick stew, barbecue and Western steaks, cooked just as you would have it.

NOTE OF APPRECIATION

THE NEW Gillette BEAR America's New Tire..

The GILLETTE "Stamp of Approval" is "written" all over this revolutionary new product. Extra bond protection together with the full LATEX DIPPED carcass and massive tread, with heavily buttressed shoulders, makes this new member of the Gillette family outstanding in performance. Extra protection between the carcass and the tread, which consists of two plies of double breaker, helps to prevent road shocks and ripples, and results in a longer wearing tire.

INCREASING

With farm income increasing seasonally, a higher total for the first six months of this year as compared with 1939 is expected by the U. S. Weather Bureau of Agricultural Economics.

So far, it seems, the census hasn't started any rebellion.

Way "Build-up" Helps Will Interest Women

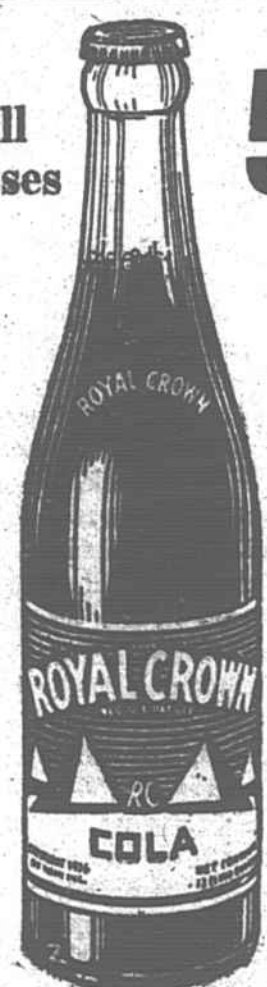

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.
