## Washington Notes

**ST. LUCIA**  
The United States will establish a land plane base on the island of St. Lucia, in addition to the naval base already arranged for. Situated twenty miles south of Martinique, the bases are expected to give the United States domination of the entire area in the event that an Axis victory encourages German ambitions in Martinique.

**AIR SHOW**  
The air show that preceded the inauguration parade revealed flying fortresses, smaller bombers, fighters and naval planes numbering around 250 ships. The squadrons made quite an exhibition as they circled the Capitol in perfect formation.

**DEFENSE**  
The RFC has made commitments of more than a billion dollars to finance the purchase of reserves of strategic materials, the construction of defense plants and the manufacture of equipment, according to Jesse Jones Federal loan administrator.

**PLANES**  
In December 799 military planes were produced in this country, according to John D. Biggers, director of production of OPM. The figure was not broken down into combat planes and training units, nor was the size of the units revealed.

**WORKERS**  
Non-agricultural workers increased from 33,862,000 in 1939 to 35,533,000 in December, 1940.

**URBAN-RURAL**  
About 66.5 per cent of the 131,669,275 inhabitants of the United States live in city areas, according to the Census Bureau, which points out that the rural population is growing almost as fast as the urban.

**NEGRO UNITS**  
In line with the policy of creating negro units in every branch of the service, the War Department announced that an all-negro pursuit squadron, consisting of 33 pilots and a ground crew of 400 men, all colored, will be trained at Tuskegee, Ala.

**MIDSHIPMEN**  
The annual midshipman class at Annapolis would be increased by 595 under a bill introduced in Congress and expected to pass. At present the Navy has 5,385 midshipmen in ninety-day training at Northwestern University, Annapolis and old battleship Illinois.

**CARGO SHIPS**  
The President's request for \$350,000,000 to build at least 200 steel cargo ships will probably go through Congress without delay. The measure will also provide for new shipyards.

**NAVY**  
The House Naval Affairs Committee has unanimously approved bills providing \$1,209,000,000 for the construction of 400 vessels for the Navy, expansion of shipyards to push construction of the two-ocean fleet, doubling ordnance facilities and equipping the existing fleet with latest anti-aircraft equipment.

**OBSERVERS**  
In order to keep up with developments in naval warfare the Navy now has five observers with the British fleet in the Mediterranean. Data gathered will be of great value in planning our own naval program.

**ARMY**  
An American army of 1,418,097 men will be in camp by June 1st, fully housed, with all personal equipment

and with basic weapons for training purposes, according to Under-Secretary of War Robert P. Patterson.

**INCOME TAX**  
Income tax blanks have been distributed to 15,000,000 Americans and 3,500,000 corporations. Midnight, March 15, is the deadline for filing reports. Due to the defense revenue act, which reduced exemptions to \$800 for single persons and to \$2,000 for married persons, it is expected that the number of returns will double.

**UPHELD**  
The Supreme Court has upheld the right of Federal District courts to require persons to undergo physical examinations when their physical condition is at issue. The Court ruled that refusal to undergo an examination would not constitute contempt of court but that the court could render a default judgment or take other action.

**PLASMA**  
The Red Cross is planning a national defense blood plasma reservoir to be placed at the disposal of the Army and Navy. The plan will be initiated in New York where the local chapter has gained considerable experience in connection with a similar project for Great Britain, which has now been suspended because the British have a plan to meet their needs.

## WALSTONBURG NEWS

Mrs. G. W. Bailey and Harold Bailey made a business trip to Chapel Hill, Wednesday.

Mr. and Mrs. W. T. Eason, Mr. and Mrs. Roy Vandford were the dinner guests of Mrs. Estelle Bailey, Sunday.

Among those home for the week end from school were Misses Ruby Marlowe, Hazel McKeel and Dot Gardner from A. C. C.; Burton Taylor, Ed Taylor, Jr., and Cameron West of Chapel Hill; James Albert Redick of State.

Misses Jamie Marlowe and Elizabeth Bennett of W. C. U. N. C., spent a few days after mid-term examinations with Miss Marlowe's parents, Dr. and Mrs. W. A. Marlowe. Sorry to learn that so many of our people in the community are ill with flu, hope for them a speedy recovery.

**SPONSORS PARTY**  
The Walstonburg community sponsored a card party at the teachers on Monday night, January 27th, for the benefit of the Infantile Paralysis drive. Tables were provided for bridge, rummy, set-back and rook.

The following people participated: Dr. and Mrs. W. A. Marlowe, Mr. and Mrs. William Bynum, Mr. and Mrs. H. T. Herring, Mr. and Mrs. J. B. Henson, Mr. and Mrs. Randleman, Mr. and Mrs. Marion Mercer, Mr. and Mrs. Earl Lang.

Mesdames James Bynum, Sam Jenkins, Arthur Gay, Bennie Tugwell, Estelle Bailey, Lillie Y. Lang, Ray West, Sr.

Misses Fannie Mae Smith, Clara Jenkins, Alma Carraway, Sudie Lee Dildy, Sue Stallings, Frances Kornegay, Virginia Turner, Margaret Condon, Iris Davis, Roxy Jones, Beulah Hansley, Glady Miller, Pat Jackson, Alice Talley and Dot Adams.

Messrs. Alton Lewis, Thomas Barber, John Roy Whitley, H. R. Phillips, Willie Dildy, Henry Gay, H. T. Herring, Jr., Sam Lewis Jenkins.

**THE TRAGEDY OF MACBETH**  
The Senior class of the Walstonburg High School presented "The Tragedy of Macbeth" in Chapel on Friday morning, directed by Miss Davis.

The setting was on a desert during a storm. All at once, as if com-

ing out of the fog, three skinny creatures with long straight hair hanging about their shoulders and faces began to circle about the stage, their short staccato sentences being in rude harmony with their gypsy dance. As the third witch mentions Macbeth's name, the witches disappear, dissolving again into the fog.

The next scene depicted an army camp in Scotland. King Duncan is waiting for news from the battle field, since Norway is fighting his country. A wounded soldier is brought in and reports that Macbeth had won the battle.

Lady Macbeth's greatest desire was to become queen of Scotland. She plots to kill King Duncan, and tells her husband of her plan. Macbeth does not fall in with her plan at first, but after much persuasion from her, he agrees to do the treacherous deed with her help. The king was killed and the guilt was placed on the guards.

Macbeth and Lady Macbeth sit upon the throne with apparent pleasure. The people dislike them. The servants of the household suspicion Macbeth and Lady Macbeth by their constant unrest.

Lady Macbeth, as a result of her bad, murderous life is pronounced insane by her doctor. Macbeth is killed in a duel by Macduff.

Thus we see now one bad deed can cause us to grow worse and worse from day to day, resulting in the deaths of many people, and finally the death of oneself.

**ON SCHEDULE**  
Wilmington, Jan. 29.—Work on Camp Davis is "progressing very satisfactorily and right on schedule," Lieut.-Col. Albertis Montgomery said today.

Colonel Montgomery, construction quartermaster on the huge anti-aircraft firing center at Holly Ridge, said that certain construction delays occasioned by unfavorable weather have been largely overcome in the past few days, and that somewhat ahead of schedule.

It was learned today that the number of men employed on the reservation has been increased to approximately 13,000, some 6,000 more than were employed there last week. This figure represents about the peak number of civilians to be employed it was learned.

In other years parents instructed their children. Now the situation is reversed.

**CHURCHES**  
**SUNDAY BAPTIST CHURCH**

## BRAZIL AND THE U. S.

The government of Brazil maintains a department of Press and Publicity and it is interesting to note that the director has warned newspaper publishers in Brazil that controversies regarding relations between Great Britain and Brazil must not be used as a pretext for attacks upon the United States.

Some bad feeling exists between Brazil and Great Britain on account of action taken by the latter to hold up the delivery of certain war supplies purchased from Germany before the European war began. The pro-Nazi press used the incident to attack the United States, asserting that President Roosevelt could, but wouldn't force, the British to release the cargo.

Most editorial writers in Brazil, it is stated, say that the controversy affords no grounds for attacks upon the United States, contending that any attack against the United States or President Roosevelt is an attack against Brazil. They cite numerous examples of the traditional friendship between Brazil and this country, which one newspaper says has become deeper rooted because of President Roosevelt.

## FOUNTAIN NEWS

Mr. and Mrs. L. P. Yelverton and children, Daphne Owens and Leslie, Jr., and Mrs. W. D. Owens visited Mr. and Mrs. Perry Coley in Fremont, Sunday.

Mr. and Mrs. Leslie Newman of Elizabethtown visited Mr. and Mrs. Bruce Eagles during the week end.

**A Gentle Laxative Good For Children**  
Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.  
Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lax bowel muscles.  
The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.
