FOUNTAIN NEWS (By MRS. M. D. YELVERTON)

Edgar Case, a student of State College, was at home for the Spring holidays and had as his guests Miss Virginia Sasser and Wayne Sasser of Wilson. Mr. and Mrs. Bill Walker of Washington were guests Sunday of Mr. and Mrs. L. P. Yelverton. Friends will be glad to know that Mrs. Jimmie Sutton is recuperating nicely in Pitt General Hospital from an operation for appendicitis, performed last Sunday. F. D. Turnage of Chapel Hill was in Fountain, Tuesday. Mr. and Mrs. E. W. Hunt and children, Woodie and Mary Louise, spent the week end with relatives in Greensboro. Dr. and Mrs. R. L. Eagles and daughter, Jane, of Raleigh, spent Sunday with Mr. and Mrs. F. L. Eagles.

Entertains Bridge Club. Mrs. R. A. Fountain, Jr., entertained her bridge club and a few additional guests Tuesday morning at the home of Mrs. Garland Holden in Farmville. High score prize for the club was won by Mrs. W. R. Harris, and Mrs. J. A. Mercer received the high score award for the guests. Mrs. Carter Smith, a recent bride, was presented with a gift. Beautiful arrangements of pastel flowers were used throughout the home. Coca-Colas and wafers were served the guests while playing and at the conclusion of the game a two course luncheon was served.

GRUB. Army representatives estimate that it will require approximately one million dollars per day to feed men in service by next June, when the army forces are supposed to reach a peak.

"Build-Up" for Women Helps Avoid Distress. Do you suffer periodically from headaches, nervousness, irritability, cramp-like pain? If so, here's good news! These may be symptoms of functional dysmenorrhea due to malnutrition, often helped by CARDUI.

CARDUI usually increases appetite and the flow of gastric juices; so aids digestion and helps build up strength, energy, physical resistance. Result for many is less periodic distress. Or you may find this also helps ease your periodic discomfort. Take CARDUI a few days before and during "the time" 50 years of use and popularity invite your confidence in CARDUI.

FARM FIELD DAY SCHEDULE GIVEN

Exhibits, tours of research plots and other features of agricultural work will be featured in addition to Raleigh, March 20.—Dates for the six annual farmers' field days to be held at the test farms of North Carolina beginning in July were announced today by Commissioner of Agriculture W. Kerr Scott.

talks by well known farm leaders and others.

The schedule follows: Tobacco Test Farm at Oxford, July 10; Piedmont Test Farm at Statesville, July 17; Blackland Test Farm at Weldon, July 24; Upper Coastal Plain Test Farm at Rocky Mount, August 14;

Mountain Test Farm at Swainsboro, August 21; Coastal Plain Test Farm at Willard, September 11.

One reason why so many old people lambast the younger generation is their own past, which they can't forget.

A REPORT to America

The Ford Motor Company's business has always been to serve the needs of the American people. In providing them with low-cost transportation for the past 38 years, we have developed one of the country's largest and most useful industrial units. During a national emergency, we feel that these facilities should be devoted without reserve to our country's needs. Toward that end we started rolling months ago, with these results:

- 1 A \$21,000,000 Ford airplane engine factory, started only 6 months ago, is nearly completed. Production will start with an initial order for 4,236 eighteen cylinder, air-cooled, double-row, radial engines. 2 We are building a new \$800,000 Ford magnesium alloy foundry, one of the few in the country. It is already producing lightweight airplane engine castings. 3 Army reconnaissance cars—military vehicles of an entirely new type—are rolling off special Ford assembly lines at the rate of more than 600 a month. We have produced Army staff cars and bomber service trucks. 4 The government has given the "go-ahead" and work is now under way for the fast construction of an \$11,000,000 Ford plant to produce bomber airframe assemblies by mass production methods.

5 Several months ago work was started, on our own initiative, on an entirely new 1500 horsepower airplane engine, specially designed for mass production. This engine is now in the test stage and plans are being developed for producing it in large quantities when and if needed.

6 A Ford aircraft apprentices school has been established, to train 2000 students at a time.

This is a report of progress to date. The experience and facilities of this company can be used to do much of the job which America now needs to get done in a hurry.

Our way of working, which avoids all possible red tape, enables us to get results and get them fast. This benefits users of our products and workers who produce them.

We are ready to make anything we know how to make, to make it to the limit of our capacity if need be, to make it as fast as we can go, and to start the next job whenever our country asks us to. And to this end, we know we have the full confidence and loyal support of the workmen throughout our plants.

FORD MOTOR COMPANY

SMALLER

Lard production has declined considerably with reduced hog marketing during the past three months and is expected to continue some smaller than a year earlier throughout 1941.

ATTENTION!

ALL WELL DRESSED MEN
