**POLISH-RUSSIAN**

London, July 30.—A Polish Soviet Russian agreement was signed at the British Foreign Office today.

The agreement grants an amnesty freeing all Polish prisoners in Russia and wipes out territorial changes in Poland resulting from the German-Russian treaties of 1939 partitioning Poland.

It also provides for the formation of a Polish army in Russia under a Polish commander to be subordinate "in an operational sense to the supreme command of the Soviet Union, upon which the Polish army will be represented."

Such an army would be recruited from among 200,000 Polish prisoners of war in Russia.

**Tobacco Reported Stolen From Barn**

Greenville, July 30.—Two instances of green tobacco being stolen from barns were reported to the sheriff's department today.

William Smith, tenant on the farm of Mrs. Effie Rouse near Ayden, reported that 80 or 100 sticks were stolen from his barn between Thursday and Saturday, when he discovered it was gone.

Smith also reported to officers that approximately 200 sticks of tobacco was stolen about the same time from a barn on the farm of W. R. Ball near Ayden.

**Legumes Worth \$10-\$20 Yearly In Higher Yields**

If handled properly, every acre of winter legumes should be worth \$10.00 to \$20.00 annually to a farmer in increased crop yields, says E. C. Blair, Extension agronomist of N. C. State College. The effect of a legume on other crops, such as corn and peanuts, will be noticeable on the first year, and will continue for two or three years.

Crimson clover, vetch and Austrian winter pea seed are being furnished to farmers as a grant-of-aid under the Agricultural Conservation Program. Blair says there are a few important points about winter legumes that spell the difference between success and failure in growing them.

"Earliness of planting has a great deal to do with getting these crops large enough to turn under early," the agronomist said. "Sow seed in August in the mountains, and in September elsewhere in the State."

"It is imperative that the soil or seed be inoculated with nitrogen-gathering bacteria. It is wise to sow a liberal amount of seed. It pays to fertilize with 200 pounds per acre of 0-8-6 on good soil or 200 pounds of 4-8-6 on poor soil in the Coastal Plain, and 200 pounds of 0-10-4 on good soil or 200 pounds of 4-10-4 on poor soil in the Piedmont and Mountains. Fertilizer so applied may be deducted from the amount used on the crop that follows the winter legume."

Blair also pointed out the range of soil adaptation of the different winter legumes. Crimson clover is adapted to heavy to medium soils, Austrian winter peas to medium heavy to medium light soils, and vetch to medium to very light soils.

"Winter legumes respond well to lime, if the soil is very acid," the agronomist concluded.

**RESOLUTIONS OF RESPECT**  
J. Y. MONK

Whereas, it has pleased our Heavenly Father to call from this terrestrial sphere to that glorious and celestial temple above, the soul of our beloved brother, J. Y. Monk;

And Whereas, we desire to place upon our records an appropriate resolution to his memory, and expression of the high esteem in which he was held by us while he was permitted to remain in our midst; **THEREFORE**, be it resolved by Farmville Lodge No. 517 A. F. and A. M.

First, That in the death of our beloved brother, we feel that a distinguished citizen and Mason, has gone to his reward, and while we mourn his departure, we cherish the hope that he is now enjoying the fruits of his labors, "In that house not made by hands, eternal in the Heavens."

Second, That we extend to all members of the bereaved family our deepest sympathy in their great loss.

Third, That a copy of these resolutions be spread upon the minutes, a copy sent to the family of our deceased, and a copy to the Farmville Enterprise for publication, and a copy to the Orphans Friend for publication.

**JAPAN'S PROGRAM IS PLAIN**

Since 1931 the Japanese have been engaged in what they call the creation of a co-prosperity area in the Far East. They have been working sincerely, according to Tokyo, to establish peace. They have been extremely anxious for the world to understand the noble motives that govern their conduct.

Some people have fallen for the hook. The fact is that Japan is a full-fledged partner with Germany in a plot to dominate the world. The Tokyo spokesmen blow hot and cold, as it seems best at the time, but can understand Japanese foreign policy only on the assumption that the motive is robbery, even if there is dispute as to the time and the method.

The only way that the United States can escape a conflict with the Japanese is for this country to acquiesce in Japanese domination of the Far East. Just the same, the only way this country can escape war with a dominant Hitler is to cooperate with the Allies as a united front. Whether Germany or Japan has the only line of getting up ambitious aggressions seems brought to a halt.

**Farm People Are Invited To State College Meeting**

From officials of N. C. State College comes a cordial invitation to farm folks of this and other counties to attend the 38th annual Farm and Home Week, starting next Monday, August 4. Accompanying the invitation is an offer to provide a room in one of the college dormitories for the entire week for only \$1.00.

The invitation is signed, first by Col. John W. Harrelson, administrative dean of the college; and by Dr. I. O. Schaub, director, John W. Goodman, assistant director, and Miss Ruth Current, State home agent, of the State College Extension Service.

An attractive program has been arranged for the farm people. It includes talks at joint assemblies of farm men and women by Governor J. M. Broughton, Col. Charles M. Busbee of Port Bragg, Dr. Helen Mitchell, director of nutrition for the Federal Security Agency; Edward Scheidt, special FBI agent of Charlotte; and Dr. Sankey L. Blanton, Baptist minister of Wilmington.

I. Bayard Clark, representative from the Seventh Congressional district, will address the 20th annual meeting of the N. C. Federation of Home Demonstration Clubs on Thursday. Miss Margaret Edwards, head of the home economics department of the Woman's College at Greensboro, will speak on the Honor Day program Friday.

Special conferences for men are scheduled Tuesday, Wednesday and Thursday, and classes in a great variety of homemaking subjects will be conducted for women Tuesday and Wednesday.

Group singing, led by Jack F. Criswell, will be held each night, and quiz programs will be conducted by F. H. Jeter on Tuesday and Wednesday nights. An amateur program is planned Thursday night.

**DEFENSE BOND Quiz**

Q. What is the reason for buying a Defense Bond?  
A. To keep America free. To show your faith and pride in your country. To warn foreign dictators that the United States is the strongest country in the world.

Q. But if I do not have enough money to buy a Defense Bond, what can I do?  
A. Buy Defense Postal Stamps, on sale almost everywhere. Your post office, bank, department store or druggist has them, or can get them for you, at 10 cents upward. Save enough Stamps to exchange for a Defense Bond.

NOTE—To purchase Defense Bonds and Stamps, go to the nearest post office or bank, or write for information to the Treasurer of the United States, Washington, D. C.

Y. W. A. Meeting.  
The Y. W. A. of the Fountain Baptist Church met Tuesday, July 29th, at 8:00 P. M. at the home of Mrs. R. L. Wilson. After the business meeting conducted by the president, the program committee gave a most interesting discussion of the conditions in China and Japan. The group came to the conclusion that The Living Christ was the only hope for the chaotic Orient. After the program the hostess served a delicious fruit salad and lemonade.

(By JOHN CRONIN in Commercial Banker)

Certainly I can buy at wholesale—and just as certainly I do not and won't, because I cannot help my community that way, and my institution can progress only as does my community.

It may seem hard to pass up a chance for a sizable dollar saving on a purchase—but the profit is the money that stays in town, and that's the money that builds up our community.
