PEACE HAS ITS PRICE

The people who say they hope the world will one day enjoy peace and that peoples will develop the area of civilization without resort to warfare seldom ask themselves the price that individuals must pay for permanent peace.

No nation, and no people, can selfishly retain every advantage and expect other nations, and other peoples, to like it. The United States can hardly take pride in its higher standard of living, and maintain it by artificial devices, while pretending to serve the cause of humanity unselfishly.

We are not saying that we must give up our progress but, if we want permanent world peace, we must be ready to share everything with the world.

ONLY ONE QUESTION BEFORE US

The foreign policy of the United States, epitomized in the Lend-Lease law and implemented by appropriations made by Congress, is the only foreign policy of this country.

Loyal Americans are confronted, therefore, with a choice of supporting their government's foreign policy, or opposing it. There is no middle ground and no way, under our constitutional system, of altering it for some months to come.

It is well-known that the enemies of democracy contend that the people of a free nation will not unite in support of their government to an extent that will enable any liberal country to withstand the organized impact of a totalitarian state.

The people of this republic today face only one question: Can a free people, with differing opinions as to proper foreign policy, unite in supporting the foreign policy proclaimed by responsible and constitutional authority, in accordance with law and tradition?

Herr Hitler, and his stooges, have taken the negative side of the debate. They are assisted, at times, by ill-advised Americans who hardly realize the gravity of their attempt to hamstring the government in its relations with these foreign states.

RESOLUTIONS OF RESPECT

WHEREAS, our heavenly Father on September 4, 1941, saw fit to call from earth one of our most faithful and loyal members of the Farmville Fire Department, and at one time Secretary of the Department, Mr. George Marion Shirley;

THEREFORE, BE IT RESOLVED

First: That we express our deepest appreciation for his twenty-four years of unselfish and loyal service to the Fire Department and the Town of Farmville in giving of his time and effort without the hope of earthly reward in the saving of Life and Property of his Fellow-Man.

Second: That we express to his family our deepest sympathy.

Third: That in the passing of Brother Shirley, we bow in humble submission to Him who does all things well.

Fourth: That a copy of these resolutions be spread upon the minutes of the Farmville Fire Department, and a copy be mailed to the
