THANKSGIVING, 1941

This year, Lord, I come on bended knee; Although I am human and in times of peace, I am liable to forget To thank Thee.

For the simple things I daily enjoy; Food, shelter, understanding friends; The miracle of nature I am prone to ignore.

But, Lord, I am conscious this year, Of the many blessings, Which with each passing moment of the day, Seem to me more dear.

ANOTHER "NEW" WEAPON

The British have a new sea weapon, according to an Associated Press Dispatch, recently received from London, which adds that "most higher-ups" deny knowing about it.

A foreign report asserted that the British are filling depth charges with as explosive forty-seven times more powerful than TNT. This also has not been confirmed by the British.

We are a bit wary of secret weapons of which there was much talk in the World War of 1914-1918. None of them ever came to light on the battle field. The same result will be observed, most likely, in respect to the presently reported new weapon.

NO PIKER

The Honorable Joseph Stalin is no piker!

He says that Russian losses of 350,000 killed and 1,258,000 wounded and missing do not compare with the German losses, 4,500,000 men, dead, wounded and captured since June 22.

The Soviet leader is probably talking for the benefit of his own people, just as Hitler exaggerates for home consumption, and for the same reasons.

Military experts are almost unanimous in the belief that Russian losses have been heavier than those of Germany but one thing can be said of Stalin, he promises Adolf a fight to the finish, with some evidence of confidence that it will be Germany's finish.

IN PAYMENT FOR LEND-LEASE

The average American today believes that the billions of dollars that we are spending for Lend-Lease aid is being passed out without any strings attached. But if this is the case, why have members of the British House of Commons called United States defense officials "hard bargainers"?

It is true that defense officials are not making the mistake of the last war; that is, asking those nations in debt to us to repay us in gold. That was an impossible request in the last war, and it would be even more absurd now.

Our leaders, however, are compelling those nations receiving Lend-Lease aid to pay as much as they possibly can. For example, five-sixths of British holdings in this

DEFENSE BOND Quiz

Q. When will the "drive" to sell Defense Savings Bonds begin?

A. There will be no "drive." Many people think of the Defense Savings Program as like the Liberty Loan campaigns of the first World War, which were conducted for stated periods to raise specific quotas. The Defense Savings Program is a long-range, continuing effort to stimulate the public to buy more and more Defense Bonds and Stamps month by month, and is essentially a program to promote mass saving, as well as to provide money for defense.

Q. Are the Defense Savings Stamps sold at retail stores exchangeable for Defense Savings Bonds?

A. Yes. They are the same as Stamps on sale at post offices and elsewhere.

NOTE.—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at most retail stores.
