This bird is brown in color and builds its nest on the ground and usually near water. It feeds upon beetles, snails and a great variety of insects. DEFENSE BOND Quiz

Q. Who said: "I only regret that I have but one life to lose for my country"?
A. Nathan Hale, who gave his life for America, like great numbers of his fellow countrymen. We are only asked to lend our dollars for Defense Bonds and Stamps to defend the liberty for which they died.
Q. Where I work there is no payroll allotment plan for the buying of Defense Savings Bonds and Stamps. How can I get one started?
A. This depends on your position, and the kind of organization in which you are employed. Generally speaking, your immediate superior would be the proper person to receive your suggestion that you would like to have a voluntary payroll allotment plan introduced. The firm's bank can supply information about such a plan.
NOTE.—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association, or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at most retail stores.

NATION FACES FIVE CRISES

The United States faces a flock of crises, in two oceans and at home. In the Atlantic Her Hitler is a menace; in the Pacific the Japanese peril increases. Both nations are highly interested in the other crises which confront the nation. The demands of some labor organizations present a threat which is equalled by the die-hard attitude of some business men. These brethren are entitled to whatever comfort an American can secure from the realization that he is pleasing the enemies of the republic. There is another crisis, which we are about to forget in the excitement. It concerns the attitude of the average American, which means all of us. We have not yet awakened to the dangers that assail the nation; we are not yet ready to sacrifice anything except of a personal advantage; we think that others can protect the republic and safeguard our liberties.
