**Christian Endeavor**

The Christian Endeavor of the Christian Church was one of the many organizations which observed Youth Week, January 27th and February 3rd. The programs centered around the themes, "Hold The World Through Daily Christian Living" and "Hold The World Through Unsound Christian Fellowship." These programs were both interesting and inspiring.

A Christian Endeavor Council was organized Thursday evening with Mrs. Tryphenia McKell as adult leader. The duties of this committee will be to plan the programs for the Society and to attend to its business problems.

The following officers were elected: President, Equiard Mann; Vice-President, Rachel Griffin; Secretary, Alma Grey Beaman, and Treasurer, Doris Beaman.

Announce Engagement

Dr. and Mrs. W. A. Marlowe announce the engagement of their daughter, Janie Eagles, to Thomas Vincent, III, son of Mr. and Mrs. T. V. Heard, of Jacksonville, Fla. The marriage will take place Saturday, March 16th.

If a country club cuts the price of the regular dinner, the whole membership turns out for the occasion and spends ten times the savings in the bar.

We frankly admit that when we are offered some work that will increase our personal income, we make a quick calculation of the tax involved.

### State College Hints For Farm Homemakers

By Ruth Current, N. C. State College.

Smart shopping is one way to make a dollar do a better job. Comparing prices among stores often brings savings. For the large family, buying large rather than small quantities may be another economy. Sales sometimes offer good bargains, if the shopper is a judge of quality. End-of-season buying often means savings in the cost of clothes. Or the family may buy with a group, thus getting goods at wholesale prices. Some things can be bought through co-operating buying associations, which are already established in many communities.

If the homemaker has a knack with a needle, she may make some of the clothes, curtains, or slip covers. Repairs, painting, and even simple furniture may be the contribution from the men in the family. Of course, says the family economist when doing a job at home, make sure the saving is worth the time and effort it takes. Sometimes materials and equipment cost almost as much as the ready-made article. Also, if family members are ineffective in doing a job, they may waste valuable time and materials. But most people can readily learn some skills that are real money-savers.

Home-made fun is another thrift device. Home parties and pictures give the family good times at little cost.

Another way to stretch a dollar is to make full use of community services, such as parks, libraries, and public concerts. By finding out about and using local community health services, a higher level of health may be possible at little or no increased cost.

Some types of men are especially suited for a business that is run on simple and clear-cut lines. Other men are especially adapted for a business with difficulties that are not too involved or technical. Still other men flourish best in a business full of knotty problems and complications, where eternal vigilance is required. Getting the right type of man into the job he is best suited for is the secret of success.
