The above-described property to be sold subject to any paving assessments which may be assessed against the property abutting on Contentnea Street; the 1946 taxes to be paid in full by the seller.

The bidder or bidders will be required to deposit with the Court 10 per cent of their bid or bids pending confirmation of the sale. The 16th day of July, 1948.

JOHN B. LEWIS, Commissioner

**CROP INSURANCE ON  
WHEAT IS ANNOUNCED**

Following a two-day meeting this week of PMA fieldmen, state committeemen and Federal Crop Insurance representatives, sales organizations will be set up immediately in every wheat county in the State to provide crop insurance protection to wheat farmers on their 1947 winter wheat crop. G. Tom Scott, State director of the Production and Marketing Administration stated in announcing the program for next year's crop.

"The farmer has wide leeway in deciding how much insurance he takes out," Scott says, "as several different levels of coverage are available. In the case of loss, the farmer receives an indemnity in proportion to his premium."

Crop insurance on the winter wheat crop will be under a 3-year contract covering the 1947-49 crops. Applications must be filed with local AAA committeemen or other authorized agents before planting and in no case later than Sept. 28. Notes signed for crop insurance do not fall due until harvest.

The crop is protected against all unavoidable natural hazards from planting through harvest.

"Federal Crop Insurance is strictly a non-profit venture to guarantee protection to farmers," Scott points out. "Administrative costs are paid by the Government, and all premiums are reserved for payment to protect farmers when their crops are lost."
