Published weekly and entered as Second Class Mail Matter at the Post Office at Farmville, N. C., under Act of March 3rd, 1879.

World tobacco production is 17 per cent larger than last year's output.

These days a cheerful idiot is enviable.

Of all euphemisms we like Dignified credit the best.

Personally, we like old typewriters, old hats, and old shoes.

Give a married man a little freedom and he becomes suspicious.

BIRTHDAY PARTIES

Miss Peggy Burgess celebrated her fifteenth birthday with a lovely party at her home, Monday evening. Contests of various kinds were enjoyed prior to the serving of delicious ice cream, cake, mints and salted nuts. Fifteen of Miss Burgess' friends were in attendance.

Richard Joyner, Jr., winsome son of Mr. and Mrs. R. L. Joyner, Sr., celebrated his sixth birthday, Monday afternoon, with a party, to which he invited thirteen of his little playmates.

Games and posing for snapshots provided an hour of entertainment before the serving of the birthday cake and ice cream.

Little Leonard Ballard, Jr., celebrated his fourth birthday, Saturday, August 17, with a party at his home, 109 N. Greene street. Refreshments, consisting of ice cream, cake, mints and salted nuts were served after games played on the lawn.

Guests were: Joan and Frances Gregory, Mickey Joyner, George Malcolm, Jr., and John Lee Burgess.

Will Jones, 3rd, attractive little son of Mr. and Mrs. Will Jones, Sr., observed his sixth anniversary, on Wednesday, when he was host to 18 of his small friends. Games were played on the lawn, prior to the serving of refreshments. The huge birthday cake, with its pink and white trimmings, served as a centerpiece for the dining room table and was encircled by frosted cup cakes, which were served with the ice cream. Baskets of pink, green and white mints, tied with pink ribbon were favors.

Place Your Order For Coal — NOW! —

We urgently recommend that you place orders for the immediate delivery of a part of your winter's coal supply.

Adequate stocks of Splint, Red Ash and Pocahontas, lump, nut and stoker coal, insure our ability to make deliveries now.

Do not wait until cold weather finds you without fuel. We may then not be able to deliver coal to you due to our inability to secure it from the mines.
